NAZI PRESS CALLS F. D. R. 'WAR MONGER'

He Started Congressional Inquiry

PAUL CHEMIDLIN, of the French air industry, rests comfortably in his hospital bed, in Los Angeles, from injuries received when a new Douglas bomber crashed and killed its pilot. Chemidlin's presence aboard the plane, built for the U. S. Army, brought about a Senate inquiry and disclosure that Chemidlin had the approval of President Roosevelt.

Senate Coalition Demands Military Hearing Secrets

WASHINGTON, Feb. 2—A combination of senate Democrats and Republicans claimed today they have lined up a majority of the military affairs committee members to make public the secret hearings on the national defense program.

The five Republicans on the committee agreed to fight for public hearings and to make public at least part of the testimony already taken by the committee in secret. They said they will be augmented by enough Democrats to force such action.

RAINS CONTINUE; OMEN FORECASTS CLOSE OF WINTER

Any Pickaway county groundhog foolish enough to venture from his warm den Thursday to look for his shadow had better start taking a cold preventative. Clouded skies and intermittent rain prevented Mr. Groundhog from seeing any shadows unless he carried a flashlight.

For those who believe in groundhog predictions, Winter should soon be over. Had he seen his shadow there would have been six weeks more of Winter, they believe.

Pickaway county farmers Thursday appeared more interested in mud than groundhogs. Recent rains have turned rural districts into seas of mud. The lucky farmers were those who had fodder hauled to their feedlots before the rains.

Rain in the 24 hours prior to 8 a. m. Thursday amounted to about one third of an inch. The high temperature Wednesday was 43 degrees. Lowest in the night was 41. Colder temperatures were predicted for late Thursday with fair skies Friday.

Repeated Air Raids Wreck Houses, Cause Fires In Spanish City

LOYAL DISTRICT SPLIT  
Rebel Troops Battle Way Toward Border Of France

VALENCIA, Spain, Feb. 2—In a series of repeated air raids reminiscent of those which preceded the onslaught on Barcelona, insurgent planes today twice rained bombs on Valencia. Twelve persons were killed and thirty one injured by the bombs which wrecked thirteen houses and started a number of fires. The Grao and Cabanal districts were greatly damaged.

BURGOS, Spain, Feb. 2—Insurgent armies, attempting to drive a wedge directly north through Catalonia to split in two the area still held by government forces, today captured the town of Berge, twenty-five miles from the French border, an insurgent communique announced.

VINTON COUNTY PROBES DEATH AFTER DISPUTE

McARTHUR, Feb. 2—Vinton county authorities today investigated a shooting growing out of an argument over purchase of an automobile that left one man dead and a high school student critically wounded.

Everett Waldren, 24, of nearby Allensville, died in McArthur hospital this morning. George Mossman, 19, also of Allensville, was in critical condition. Both were shot during the argument.

Meanwhile, Donald Martindill, 40, was lodged in Vinton county jail for questioning, according to Sheriff Earl Stuck.

The shooting allegedly occurred in the barnyard of the Martindill farm where Waldren and Mossman had gone to seek return of a \$10 down payment on an automobile made to Martindill earlier in the day.

Waldren demanded that his \$10 be returned, according to the shooting victims, after which the shooting occurred.

A passing motorist took Mossman to McArthur hospital for treatment and an ambulance removed Waldren to the hospital later.

GALVESTON IN DITHER, PARENTS CALM AS FOUR ARE ADDED TO FAMILY

GALVESTON, Tex., Feb. 2—Just one mite less amazing than the Dionnes, four tiny girls today held the spotlight as the newest set of Texas quadruplets. With the entire hospital in a dither over their arrival, the least excited of all were the proud parents, Mr. and Mrs. W. E. Badgett. X-rays had led them to expect triplets and both said the unexpected arrival of a fourth youngster wouldn't require much change in their plans. Papa Badgett apologized for his brief flurry when informed that his family had jumped from two children to six. "After all," he said, "this has never happened to me before." But he settled down quickly after being informed that his wife and the four tots were in no danger and his troubles resolved themselves into finding a name for the extra one. "We had a hard enough time figuring out three names. I don't know how we can ever decide on a fourth," he said. Badgett, a construction foreman at Houma, La. is 35 years old. His wife is 36. They have two other daughters, Geneva, 15, and Elsie, 13.

John Rose Reports Watch And \$12 Taken By Masked Pair

John Rose, 47, World War veteran, who resides on the Lewis farm, south of Circleville, was robbed of his gold watch and \$12 by two men, Wednesday at 11 p. m., he told police.

Rose said he was walking northward on the west side of Court street, enroute to the home of his cousin, C. W. Smith, York street. At the Hargus creek bridge he was met by two men, he said, one tall and the other short. He told officers the short man threw his arms around him while the second robber went through his pockets. Both were masked, he said.

After taking his money and watch, Rose said, the man holding him shoved him to the ground. Both men ran north on Court street.

OFFICIAL KILLER OF 300 DIES AT 73 NEAR PARIS

PARIS, Feb. 2—Henri Anatole Deibler, hereditary headman of France who performed more than 300 executions in his long career as master of the French guillotine, died today at the age of 75.

His passing brought the respite Deibler had sought for years from his gruesome task, handed down to him from his father at the turn of the century. A few years ago he pleaded for retirement, saying: "To kill in the name of one's country is a glorious feat, one rewarded by medals. But to kill in the name of the law, that is a gruesome, horrible function, rewarded with scorn, contempt and loathing."

WELFARE CHIEF TELLS WOODARD TO "CLEAN UP"

Warden Declares Reports Are "Exaggerations"; Probe Under Way

SHERWOOD URGES ACTION  
Director Claims Much Money Changing Hands; Evidence Is Claimed

COLUMBUS, Feb. 2—Branding reports of the sale of liquor, drugs and special privileges to convicts at Ohio State penitentiary as "exaggerated", Warden James C. Woodard nevertheless continued his investigation today into the charges, following disclosure that he had been under fire since State Welfare Director Charles L. Sherwood took office several weeks ago.

First indication that friction existed between Sherwood and Woodard was disclosed following a conference during which the welfare director said he assured the warden that his job was not in jeopardy unless "the mess" at the penitentiary was not cleaned up in the near future.

W. F. Amrine, superintendent of corrections in the welfare department, has been ordered by Sherwood to work with Woodard on the investigation. Amrine formerly was superintendent of the London prison farm but resigned four years ago during the administration of former governor Martin L. Davey.

RADCLIFF QUILTS; HEISKELL TO BE VILLAGE MAYOR

Williamsport's council Monday night will consider the resignation of William D. Radcliff, representative in the general assembly, as mayor of the village.

On the acceptance of the resignation, W. D. Heiskell, president of council, automatically becomes mayor to fill the unexpired term of Mr. Radcliff.

Two positions are to be filled on the village council. One is that of Roy Hickel, resigned, and the other of Mr. Heiskell.

Mr. Radcliff's letter of resignation was submitted to Mr. Heiskell to be presented to council. Mr. Radcliff has been mayor of the village for three years.

WAR LOOMING OVER USE OF FILM STARS BY RADIO INDUSTRY

HOLLYWOOD, Feb. 2—War between the entire motion picture industry and the radio industry over allowing film stars to make radio appearances loomed in Hollywood today with the announcement that Tyrone Power, noted star, had been withdrawn from further broadcasts.

Power was withdrawn by Darryl Zanuck, production head of 20th Century-Fox studios. Zanuck declared his action was taken after a flood of protests had been received from exhibitors throughout the nation who complained the swarm of film stars appearing on radio programs have dealt a staggering blow to box-office receipts.

"We have no quarrel with the radio," declared Zanuck. "There is great validity in the insistence of the exhibitors who contend they are being severely injured because the air lanes these days are so crowded with screen personalities."

Power has been broadcasting each Sunday for the last six months. He will terminate his air show with next Sunday's program, Zanuck said.

"The theatres are not the only ones endangered," explained Zanuck. "The stars themselves also are jeopardized because it is so hard to get adequate material for these radio programs, especially when they must present something new every week."

TWO COUNTY MEN WIN TROPHIES AT FARMERS' WEEK

Paul W. Teegardin, of near Ashville, was elected president of the Ohio Polled Shorthorn Breeders association Thursday at the organization's meeting.

Two Pickaway county farmers were trophy winners Thursday in the corn and grain show conducted in connection with Farmers' Week at Ohio State university.

Roy Wadlington, of near Whisler, was winner for the best 40 ears of corn. Jacob Miller, of Orient, displayed the best 40 ears of hybrid.

Highlight of the fourth day's program will be a banquet at which Professor H. C. Ramsower, extension supervisor, will pay tribute to rural Ohioans who have attended 25 of the 27 annual sessions.

Total of 7,496 persons registered for lectures, demonstrations and organization meetings during the first three days. All indications are that the attendance this year will exceed the record of 8,120 set in 1931.

Legion Hits Un-American Activities at Ohio State

COLUMBUS, Feb. 2—Members of the Ohio general assembly today studied a petition submitted by the Franklin county council of the American Legion requesting the legislature or the attorney general's office to conduct a thorough investigation into alleged un-American activities at Ohio State university and other state institutions, and to take steps to bar from state employment any person found guilty of such activities.

Publication in the Jan. 26 issue of The Ohio State Lantern, university student publication, that "Marxism" classes were to be conducted last Saturday in the Ohio Union in connection with regular Sunday meeting of the Marxist club prompted the legion to take action.

The lantern also stated that Angelo Herndon, vice president of the Young Communist League, or Oscar Rucker, Negro member of the Cuyahoga County Communist Party, would speak at a Lincoln memorial meeting Feb. 13.

RUMANIA REPORTED TO BE SENDING ARMED MEN TO BULGARIAN BORDER

BUDAPEST, Feb. 2—Persistent rumors said today that the Rumanian government has sent heavy troop reinforcements to the Black sea province of Dobruja during the last few days. The reported troop movements were said to be due to nervousness over recent speeches in the Bulgarian parliament regarding the minority question.

Leading editorials in the newspapers were devoted almost exclusively to President Roosevelt and his conference in Washington with the senate military affairs committee.

Lashing out at Roosevelt, the principal newspapers charged him with abandonment of American neutrality because of his stand in favor of Europe's democracies against the totalitarian states.

If the previous rift between the United States and Germany failed to create much direct anti-American feeling in Germany, the present campaign which has been unleashed by the German press is bound to awaken such feelings among the people of the Reich.

It is to be noted, however, that the present German press campaign carefully distinguishes between the "American people" and President Roosevelt and "his Jewish gang."

TRIO, LOST THREE DAYS, FOUND OFF BALBOA COAST

BALBOA, C. Z., Feb. 2—Given up for lost after being missing for 10 days, three Americans from the launch "Cecilia" have been rescued and are now enroute to Balboa, it was learned today.

Details of their rescue were not immediately revealed. News of the rescue was received after a vast sea and air search for the trio had been abandoned. The United States destroyer J. Fred Talbot and a squadron of navy planes covered 175,000 square miles during the hunt.

Enroute to Balboa towing a "boom" of heavy logs, the launch struck heavy weather. A small fishing boat went to her aid, but was able to remove only one person, E. J. Bailes of Houston, Tex., from the craft.

SUPREME COURT RULING OUTLAW GAMING DEVICES

CLEVELAND, Feb. 2—With a state supreme court ruling backing him, Safety Director Elliot Ness prepared today to sweep Cleveland clean of pinball and other slot machines.

Ness said that the action of the supreme court in invalidating the city's pinball licensing ordinance, gave police authority to eliminate machines, a task that heretofore has been virtually impossible.

On the other hand City License Commissioner Joseph E. Cassidy pointed out that the ordinance had been counted on as a source of \$65,000 revenue for Cleveland during the coming year.

SECOND LEBANON FIRE KILLS GIRL ASLEEP IN CRIB

LEBANON, Feb. 2—The second disastrous fire to hit nearby Harveysburg within a week today had claimed the life of a baby girl who was burned fatally in her crib despite frantic rescue attempts by the child's mother.

Two brothers of the victim, one seven and the other four, escaped injury when a stove explosion sprayed the home of Leonard Gun-ion with hot coals.

A blaze last Friday caused damage estimated at \$10,000 to four buildings in the heart of Harveysburg.

Story Rivals Fiction For Reality; Long Search Futile

WASHINGTON, Feb. 2.—Unsurpassed by fiction in sheer mystery and intrigue, the baffling disappearance of the Hawaiian Clipper . . . the fate of the 15 souls aboard . . . remained America's only unsolved aviation tragedy today.

Despite recession of widely-circulated rumors that the Clipper was sabotaged, International News Service has learned that Federal officials, unconvinced that the 25-ton flying boat was sent to its last harbor by any catalogued cause of airplane accidents, are holding open their investigation of the mystery.

"Airplane wreckage simply does not vanish into thin air," said a spokesman for the Air Safety Board, which directs crash probes for the Civil Aeronautics Authority. "The fact that no single piece of wreckage of the big boat was found is almost unprecedented and almost incredible. The Board will gladly hear and investigate any theories which can be substantiated, even in part."

Reward Still Outstanding

Pan-American Airways, operators of the ill-starred craft, through an official, expressed similar views, and promised that the reward it has offered for an answer to the mystery will not be withdrawn, nor will its independent inquiry be closed, until a solution is found.

To a writer of mystery fiction, the case of the "Sky Giant that Vanished" offers unlimited possibilities. The facts—and they were facts—are these:

The first officer of the Clipper Capt. Leo Terletzky, was a former officer in the forces of Soviet Russia.

One of the passengers was Choy

Wah Sun, a wealthy Chinese reportedly carrying a large sum of money to the embattled Chinese Government.

Another passenger was Edward E. Wyman, acknowledged en route to sell airplanes to the hard-pressed forces of Chinese Generalissimo Chiang Kai-Shek.

The nine officers and crewmen, all veterans of Trans-Pacific service, was in excellent physical condition when the trip started.

Boat in Good Condition

The flying boat was in A-1 mechanical trim at the journey's outset from Alameda, Cal., on July 23. It was closely inspected during overnight stops at Honolulu, Midway, Wake Island and Guam, and found to measure up to the rigid required standards. The trip was uneventful as far as Guam.

The Clipper left Guam on July 28 with weather conditions excellent. All crew members and passengers were in good spirits.

The flight from Guam to Manila normally requires 12½ hours. Eight hours and 21 minutes after the take-off the Clipper communicated with a ground station, stating all was well on board ship, that the fuel supply was more than adequate, and that the flight was progressing satisfactorily. The ground operator acknowledged the message, and began furnishing the plane with a weather sequence. The Clipper's radioman asked for a moment's delay until static cleared away.

Never Heard from Since

The Hawaiian Clipper was never heard from again.

When the ship failed to arrive in Manila on time, an intensive search was started. The U. S. Army Transport Meigs reached the scene of the last radio contact in the quick time of five hours, and found—nothing, absolutely nothing, no trace of wreckage, and no "oil slick," which would have been caused following a crash by the 120 gallons of oil the Clipper carried.

Those are the facts. The latest sabotage rumor to be built around them, and heard in Washington, is this: a time bomb secreted in the plane exploded, whereupon a tramp steamer, hovering nearby on the surface under a prearranged

plan, closed in and removed all wreckage and the "oil slick," and sped away. Thus the plane was destroyed with all on board, and all the evidence removed to preclude fixing of responsibility for the crime on any party or power.

The purpose? To prevent Choy Wah Sun and Wyman from carrying out their missions.

## CLIPPER'S LOSS STILL BAFFLES AIR OFFICIALS

Disappearance Of Hawaiian Liner With 15 Aboard Proves Mystery

NO TRACE IS LOCATED

Story Rivals Fiction For Reality; Long Search - Futile

WASHINGTON, Feb. 2.—Unsurpassed by fiction in sheer mystery and intrigue, the baffling disappearance of the Hawaiian Clipper ... the fate of the 15 souls aboard ... remained America's only unsolved aviation tragedy today.

Despite recession of widely-circulated rumors that the Clipper was sabotaged, International News Service has learned that Federal officials, unconvinced that the 25-ton flying boat was sent to its last hangar by any catalogued cause of airplane accidents, are holding open their investigation of the mystery.

"Airplane wreckage simply does not vanish into thin air," said a spokesman for the Air Safety Board, which directs crash probes for the Civil Aeronautics Authority. "The fact that no single piece of wreckage of the big boat was found is almost unprecedented and almost incredible. The Board will gladly hear and investigate any theories which can be substantiated, even in part."

Engineers' 20 Year Dream May Come True; Quick Journey Provided

MANY OFFICIALS ACTIVE

Two Routes Considered For South American Passage From Florida

WASHINGTON, Feb. 2 — The 20-year-old engineers' dream of an automobile highway-ferry system over the Caribbean Sea which would enable motorists to drive from Florida to South America in 48 hours may become an actuality in the not-too-distant future.

The project, often planned to the last detail, but never advanced beyond the conversational stage, has attracted the attention of Pax America, a non-profit organization devoted to improvement of inter-American relations. A committee, comprised of representatives of the many North, Central and South American nations involved, has been appointed by Pax America's President, H. H. Buckman, and shortly will inaugurate an intensive study of all phases of the projected highway.

When the study is completed, Pax America will sponsor the proposal actively—if the committee places its stamp of approval on feasibility of the project. Pax America's general objectives have been endorsed by the American State Department. It numbers many important figures on its Board of Governors and Advisory Council, including—especially significant in connection with the highway project — Maj. Gen. Edward H. Markham, U. S. A., retired, formerly Chief of the U. S. Army Engineers.

Engineer Urges Study "Any project which promises, as this one does, to so sharply increase commerce and improve communications and friendly relationship between the North and South American continents, is worthy of exhaustive study," declared Buckman, 50-year-old consulting engineer, Harvard and Leipzig graduate, and former technical counsel to the House Foreign Affairs Committee.

The plan envisions two routes, one to South America and one to Central America. They are:

1—From Miami over the keys to Key West, thence by ferry to Havana, then across Cuba, and by ferry to Port Au Prince, Haiti,—across Haiti and Santo Domingo and then on a ferry to Puerto Rico, across Puerto Rico by auto, followed by a ferry trip to La Guaira, the seaport of Caracas, on the north coast of South America. Time for this trip—48 hours.

2—Miami to Key West to Havana, westward through Cuba, then a ferry trip to Puerto Barrios, Guatemala, and across Central America to Guatemala City, where the Pan-American Highway, which runs southward from Laredo, Tex., through the whole of Central America, would be joined. Time for this trip—27 hours.

Buckman explained that success of the project depends largely on designing of high-speed ferry boats, capable of a 30-knot-an-hour speed, which is about the speed of the biggest ocean liners. Navy architects, Buckman revealed, have expressed the opinion that the task presents no particular difficulty.

To Eliminate Red Tape The Pax America President disclosed that, if his organization decides to sponsor construction of

## Boy Slayer Flees

UNDER sentence of death for a murder, Roy Wright and four other prisoners broke through their bars at the county jail at Yakima, Wash., and are being hunted by authorities throughout the northwest. The five soaped their bodies to crawl through a narrow passage, not more than a foot wide, and escaped.

the highway-ferry system, it will concentrate its efforts on cutting through red tape—such as the requirement of passport visas and customs inspection for casual automobile tourists—and will fit the system to the average purse.

"For instance, there will be only one class on the Puerto Rico-La Guaira ferry, which is a 15-hour overnight jump comprising the only long ferry stretch in the entire layout," he said. "There will be a flat charge of only \$10 for the trip, and that will include stateroom."

Buckman explained that an excellent highway already exists from Miami to Key West and through Cuba. Sixty percent of the road in Haiti and Santo Domingo, he said, would be classified in the United States as "good secondary," and the road in Puerto Rico, which comprises only a short part of the journey, is also good.

On the westward trip, the 12 hours spent in driving would be over good roads. The other 15 hours would be spent on the ferry. Consequently he said, road-building would present no great problem.

The plan contemplates ultimate completion of a "loop" working westward from Miami, through Havana, across the Caribbean to Guatemala, southward through Panama to Bogota, swinging northeast to Caracas, then north across the Caribbean, and back to Miami via Puerto Rico, Santo Domingo, Haiti, and Cuba. The outstanding obstacle is part of the stretch from Panama to Bogota. The intervening terrain is considered the most impassable in the world, due to its 15,000-foot high mountains and tightly-laced jungles.

Pax America feels that completion of the immediate phase of the system—the routes to Caracas and Guatemala City—would provide the Western Hemisphere, exclusive of the commercial and other advantages that would ensue, with lines of communication vital to successful defense of the two continents if foreign aggressors, engaged in war against them, should attempt to split North and South America apart.

Such a maneuver, according to the best military opinion, inevitably would be the first objective of any attacking nation, or coalition of nations.

### AN ODDITY

Most of the runaway marriages taking place in the famous Gretna Green, Scotland, in the eighteenth century were performed over the anvil of the village smithy. These over-the-anvil weddings were made possible by a Scottish law that provided that a man and a woman were legally married if they exchanged vows before a witness.

## Groundhog May Not See Shadow, But Who Cares?

COLUMBUS, Feb. 2—With weather reports indicating general cloudiness and rain, there appeared to be little chance of Brother Groundhog seeing his shadow in Ohio today, but State Conservation Commissioner Don Waters said it won't make the least bit of difference if he should.

Moss steeped tradition relates that if the groundhog, interrupting his hibernation to take a peek at the skies, sees his shadow he will return to slumberland and leave behind the condemnations of a populace exposed to six more weeks of wintry blasts.

But Commissioner Waters is supposed to know his groundhogs. If his word is accepted as true, the tradition is a bundle of superstition and, in short, the bunk. "Why, some of the more hardy groundhogs don't even bother to go to bed when Winter sets in," Waters explained. "They just spend the Winter months in secluded spots, emerging occasionally for a bite to eat and a snifter of fresh air."

And Feb. 2—groundhog day—has no special significance to the little marmots themselves, he added, dispelling the belief that there is mass emergence from hibernation spots on this day.

Waters pointed out that the groundhog's debut might have been last week or perhaps delayed until next week. It depends entirely on when his intuitive alarm clock sounds.

"The object of this annual fuss," Waters declared, "is nothing more than the woodchuck that might be found in any farmyard. Because of its shrill squeak, the animal is often referred to as a pig-whistle."

The groundhog, Waters indicated, might have been "interviewed" on everything from women's styles to the state of the nation, but he added that the animal manifests more interest in a choice head of lettuce than in either of the aforementioned subjects.

"Skunks and chipmunks hibernate in the Winter too," Waters said, "but they were not around when the superstition was invented so they missed the fanfare."

Exclusive of his asserted weather forecasting abilities, Waters said the groundhog has little usefulness. His meat is tough and of poor quality, the commissioner asserted. However, despite all the attention, his disposition has remained amiable.

"The groundhogs that do sleep in Winter," Waters said, "do so for two reasons. They are tired and they have nothing else to do."

But, regardless of the proven untruthfulness of the groundhog

day tradition, few persons will pass the day without at one time or another expressing interest over the result of Mr. Groundhog's unusual excursion from his Winter nesting place.

### \$94 IN ORDERS FOR FOOD AND COAL GIVEN IN CITY

Orders for food and coal amounting to \$94 were issued to 34 families in Circleville during January by Safety Director Karl Herrmann.

Seventeen orders were issued during the month for hospital service, physicians, burial and ambulance service. The hospital service amounted to \$140, medical care \$109.50, and burials and ambulance service, \$76.

In January, 1938, 84 families received direct relief with expenses for hospital care amounting to \$33, food and coal \$236.41, medical care \$147.50, and burial and ambulance charges \$45.

#### Typing Classes Receive Challenge

January 25, the typing students of our school were given a rare treat. Through a representative of a typewriter company, Miss Betty Pulskamp of Celina, Ohio, gave a demonstration in "speedy" typing. This outstanding typist maintains a speed of 140 words per minute for an hour. Her normal speed is 150 words per minute.

Miss Pulskamp is planning to enter the international typing contest at the World's Fair in New York City.

The Stoutsville P.-T. A. held a meeting Monday, January 30. A large crowd attended this meeting. The program was given by the boys and girls of a few years ago. They presented a picture of school as it used to be when they went to school. There was plenty of old-time music. Refreshments were served after the program.

#### Freshman Chapel

The chapel program was given by the freshman class Monday, January 23. The program opened by group singing. Three plays and several musical numbers were presented on the program.

#### Girls Basketball Team

The girls have been very successful in basketball this year. Among the many games that they have played they have lost only one game. Our next game will be with Rushville at the Stoutsville gym.

#### Boys Basketball Team

Despite the fact that the boys have lost all but one game, they have displayed good sportsmanship and have maintained a good moral.

# IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

Stronger Cord Body More Non-Skid Mileage

Plus FAMOUS TRIPLE-SAFE CONSTRUCTION

FLOYD ROBERTS 1938 National Race Champion

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper read which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

## NEW CARIBBEAN ROAD TO ASSIST TRAVEL BY AUTO

Engineers' 20 Year Dream May Come True; Quick Journey Provided

MANY OFFICIALS ACTIVE

Two Routes Considered For South American Passage From Florida

WASHINGTON, Feb. 2 — The 20-year-old engineers' dream of an automobile highway-ferry system over the Caribbean Sea which would enable motorists to drive from Florida to South America in 48 hours may become an actuality in the not-too-distant future.

The project, often planned to the last detail, but never advanced beyond the conversational stage, has attracted the attention of Pax America, a non-profit organization devoted to improvement of inter-American relations. A committee, comprised of representatives of the many North, Central and South American nations involved, has been appointed by Pax America's President, H. H. Buckman, and shortly will inaugurate an intensive study of all phases of the projected highway.

When the study is completed, Pax America will sponsor the proposal actively—if the committee places its stamp of approval on feasibility of the project. Pax America's general objectives have been endorsed by the American State Department. It numbers many important figures on its Board of Governors and Advisory Council, including—especially significant in connection with the highway project — Maj. Gen. Edward H. Markham, U. S. A., retired, formerly Chief of the U. S. Army Engineers.

**Engineer Urges Study**  
"Any project which promises, as this one does, to so sharply increase commerce and improve communications and friendly relationship between the North and South American continents, is worthy of exhaustive study," declared Buckman, 50-year-old consulting engineer, Harvard and Leipzig graduate, and former technical counsel to the House Foreign Affairs Committee.

The plan envisions two routes, one to South America and one to Central America. They are:

1—From Miami over the keys to Key West, thence by ferry to Havana, then across Cuba, and by ferry to Port au Prince, Haiti, across Haiti and Santo Domingo and then on a ferry to Puerto Rico, across Puerto Rico by auto, followed by a ferry trip to La Guaira, the seaport of Caracas, on the north coast of South America. Time for this trip—48 hours.

2—Miami to Key West to Havana, westward through Cuba, then a ferry trip to Puerto Barrios, Guatemala, and across Central America to Guatemala City, where the Pan-American Highway, which runs southward from Laredo, Tex., through the whole of Central America, would be joined. Time for this trip—27 hours.

Buckman explained that success of the project depends largely on designing of high-speed ferry boats, capable of a 30-knot-an-hour speed, which is about the speed of the biggest ocean liners. Navy architects, Buckman revealed, have expressed the opinion that the task presents no particular difficulty.

**To Eliminate Red Tape**  
The Pax America President disclosed that, if his organization decides to sponsor construction of

## Boy Slayer Flees

UNDER sentence of death for a murder, Roy Wright and four other prisoners broke through their bars at the county jail at Yakima, Wash., and are being hunted by authorities throughout the northwest. The five soaped their bodies to crawl through a narrow passage, not more than a foot wide, and escaped.

the highway-ferry system, it will concentrate its efforts on cutting through red tape—such as the requirement of passport visas and customs inspection for casual automobile tourists—and will fit the system to the average purse.

"For instance, there will be only one class on the Puerto Rico-La Guaira ferry, which is a 15-hour overnight jump comprising the only long ferry stretch in the entire layout," he said. "There will be a flat charge of only \$10 for the trip, and that will include stateroom."

Buckman explained that an excellent highway already exists from Miami to Key West and through Cuba. Sixty percent of the road in Haiti and Santo Domingo, he said, would be classified in the United States as "good secondary," and the road in Puerto Rico, which comprises only a short part of the journey, is also good.

On the westward trip, the 12 hours spent in driving would be over good roads. The other 15 hours would be spent on the ferry. Consequently he said, road-building would present no great problem.

The plan contemplates ultimate completion of a "loop" working westward from Miami, through Havana, across the Caribbean to Guatemala, southward through Panama to Bogota, swinging northeast to Caracas, then north across the Caribbean, and back to Miami via Puerto Rico, Santo Domingo, Haiti, and Cuba. The outstanding obstacle is part of the stretch from Panama to Bogota. The intervening terrain is considered the most impassable in the world, due to its 15,000-foot high mountains and tightly-laced jungles.

Pax America feels that completion of the immediate phase of the system—the routes to Caracas and Guatemala City—would provide the Western Hemisphere, exclusive of the commercial and other advantages that would ensue, with lines of communication vital to successful defense of the two continents if foreign aggressors, engaged in war against them, should attempt to split North and South America apart.

Such a maneuver, according to the best military opinion, inevitably would be the first objective of any attacking nation, or coalition of nations.

### AN ODDITY

Most of the runaway marriages taking place in the famous Gretna Green, Scotland, in the eighteenth century were performed over the anvil of the village smithy. These over-the-anvil weddings were made possible by a Scottish law that provided that a man and a woman were legally married if they exchanged vows before a witness.

## Groundhog May Not See Shadow, But Who Cares?

COLUMBUS, Feb. 2—With weather reports indicating general cloudiness and rain, there appeared to be little chance of Brother Groundhog seeing his shadow in Ohio today, but State Conservation Commissioner Don Waters said it won't make the least bit of difference if he should.

Moss steeped tradition relates that if the groundhog, interrupting his hibernation to take a peek at the skies, sees his shadow he will return to slumberland and leave behind the condemnations of a populace exposed to six more weeks of wintry blasts.

But Commissioner Waters is supposed to know his groundhogs. If his word is accepted as true, the tradition is a bundle of superstition and, in short, the bunk. "Why, some of the more hardy groundhogs don't even bother to go to bed when winter sets in," Waters explained. "They just spend the winter months in secluded spots, emerging occasionally for a bite to eat and a snifter of fresh air."

And Feb. 2—groundhog day—has no special significance to the little marmots themselves, he added, dispelling the belief that there is mass emergence from hibernation spots on this day.

Waters pointed out that the groundhog's debut might have been last week or perhaps delayed until next week. It depends entirely on when his intuitive alarm clock sounds.

"The object of this annual fuss," Waters declared, "is nothing more than the woodchuck that might be found in any farmyard. Because of its shrill squeak, the animal is often referred to as a pig-whistle."

The groundhog, Waters indicated mirthfully, has been "interviewed" on everything from women's styles to the state of the nation, but he added that the animal manifests more interest in a choice head of lettuce than in either of the aforementioned subjects.

"Skunks and chipmunks hibernate in the winter too," Waters said, "but they were not around when the superstition was invented so they missed the fanfare."

Exclusive of his asserted weather forecasting abilities, Waters said the groundhog has little usefulness. His meat is tough and of poor quality, the commissioner asserted. However, despite all the attention, his disposition has remained amiable.

"The groundhogs that do sleep in winter," Waters said, "do so for two reasons. They are tired and they have nothing else to do." But, regardless of the proven untruthfulness of the groundhog

# SOLONS REJECT KASCH'S BILL FOR NEWLYWEDS

Legislator's Attempt To Pay \$1,500 Bonus Called Frivolous

18 NEW ACTIONS FILED

Summit Countain Busy In Present Session; Offers 36 Acts

COLUMBUS, Feb. 2—For the first time in the memory of the oldest legislator in the 93rd general assembly the house today had rejected the introduction of bill on the ground it was "frivolous" and detrimental to the state.

The unprecedented action was taken when the champion bill introducer of the house, Rep. Gus Kasch (D-Summit) offered a measure providing that the state pay newly-married couples a maximum of \$1,500 for the purchase of property and furniture.

As the bill was read on the floor Rep. Chester K. Gillespie (R-Cuyahoga) offered a motion that it be rejected.

"The state is not in a position to finance such obligations if the bill passed," Gillespie said, and it is too frivolous a bill to be considered."

Over the objections of the Democratic minority the house took a standing vote and introduction of the bill was rejected 87 to 20.

Kasch has introduced 36 of the 251 bills sent to the house hopper in the present session.

Eighteen new bills were offered in the house yesterday and six in the senate. They included:

Senate bills:

Pollock (R-Canton) providing an indefinite tenure for school teachers.

Ascherman (R-Cleveland) providing for removal of sheriffs for neglect of duty and misconduct in office after a court hearing.

Baumhart (D-Vermilion) increasing permit fees for wine manufacturers from \$20 to \$100, limiting the importation of wine for blending to 40 percent of production and raising from 51 percent to 60 percent the amount of Ohio wine required in blending products.

House bills:

Betts (R-Hancock) prohibiting a person having a loaded shotgun or rifle while driving on the highway.

Werner (R-Summit) prohibiting sale of fireworks, excepting those for properly supervised displays.

Mahoney (D-Cuyahoga) creating a commission of six to investigate the administration of public assistance in Ohio.

Hoffman (R-Hamilton) reducing the penalty for robbery with force from 10 to 25 years to 1 to 25 years.

Rep. W. H. Whetor (D-Lawrence) offered a resolution asking Governor Bricker to inform the house of his plans for the division of aid for the aged. The resolution provides for a committee of five house members to investigate the needs of Ohio's aged and report within 30 days.

"The Gentleman from Indiana"

WHY GARNER IS GARNER

It is interesting to note how Vice President John Garner has come to power. It is almost entirely a study in human personality, of qualities that command respect and confidence. It is worth the attention of young men and women starting at the foot of the political ladder. For there has been no seizure of power. Mr. Garner's power is unofficial and informal, the power of a trust-

PETTENGILL all.

That John Garner is not like most of his predecessors, a powerless and colorless figure, is due to the fact that he is John Garner. He has political "it".

Eight years ago I was a freshman in Congress. I felt, like most freshmen, that nobody knew me, nobody loved me. One day my office door opened. "Is the boy in?" It was John Garner, Speaker of the House. "Hello, boy, how are you getting on?" And then a few homely words.

In two minutes he was gone, but eight crowded years have not blotted out those minutes. From that time on, I have been his friend.

Only those who know what a busy man the Speaker is; only those who know how exhausting it is to pound your heels down the long corridors of the House Office Building, in fact only a freshman Congressman as forlorn as a lone, lean mule in a sheep corral, can appreciate what is meant that John Garner took time to ride herd on his young mavericks.

He is the only Speaker I ever saw in the House Office Building.

So, that is part of the secret. Multiply that small incident by tens of thousands of similar human contacts since Mr. Garner was himself a freshman Congressman 35 years ago, and you need an adding machine to get the total.

For a third of a century Jack Garner has been the intimate friend of Congressmen and Senators. While others issued orders and sent messengers, Garner went himself and won affection. And as Poor Richard says, "If you want a thing done, go; if not, send".

None of this is pose. It doesn't rub off. The Vice President is Garner clear through, all the way from Washington to Uvalde, and

I have seen him in both places. He likes people. He even likes Congressmen!

Another part of the Garner secret is that his word is good. It is "yes" or "no". When he says "no" he is better liked than some others in Washington when they say "yes". His words are not chameleons. They are rocks. You can build upon them.

The developing opposition within the Democratic Party to part of President Roosevelt's program had to have a place to focus. This is not to say Mr. Garner has welcomed this development. On the contrary, he has loyally wished President Roosevelt's administration to be a howling success. If so, we would now have a happy nation. But it is perfectly plain that Mr. Garner objects seriously to certain persons, and certain policies that have won the President's approval. He has felt they would not work and now knows it.

In this clash of opinion Mr. Garner labors under a great disadvantage. It comes not only from his personal loyalty to his "boss", but from his loyalty to the Democratic Party as such—a national and not a class party. For this reason he will often be under great pressure to make concessions for the sake of unity.

Those elements in the party which he opposes do not have this intense party feeling. Many of them have no regard for the party as such. They use it but are not of it. They would not hesitate to toss it aside and this gives them a certain tactical advantage. But as the months lengthen to 1940 the country will watch with intense concern the impending struggle between men deeply loyal to the Democratic Party and those who are not.

## CHINESE FEEL PINCH

SAN FRANCISCO — Pinch of the depleted national treasury of the Chinese government is felt even on this side of the Pacific.

High-ranking members of the Chinese consulate in San Francisco have been hard-pressed for several months, because their home government, shifted through invasion from Nanking, to Hankow, to Chungking, has been unable to send operations and salaries with regularity.

## DEPUTY SEALER INSP E C T S 2,470 DEVICES IN '38

Nearly 2,500 devices used for weighing and measuring merchandise for sale were tested during the last year by Ned Dresbach, deputy sealer of weights and measures for Pickaway county, his report, filed Thursday with J. C. Tinkey, state sealer, reveals.

Mr. Dresbach from Jan. 1, 1938 to Jan. 1, 1939, inspected 2,470 devices, more than 300 more than he tested in the previous year.

One hundred and ninety-nine were ordered repaired while 13 were ordered destroyed.

Mr. Dresbach has been serving as deputy sealer for the last four years during the administration of Forrest Short as county auditor.

## SOLONS REJECT KASCH'S BILL FOR NEWLYWEDS

Legislator's Attempt To Pay \$1,500 Bonus Called Frivolous

18 NEW ACTIONS FILED

Summit Countian Busy In Present Session; Offers 36 Acts

COLUMBUS, Feb. 2—For the first time in the memory of the oldest legislator in the 93rd general assembly the house today had rejected the introduction of bill on the ground it was "frivolous" and detrimental to the state.

The unprecedented action was taken when the champion bill introduced of the house, Rep. Gus Kasch (D-Summit) offered a measure providing that the state pay newly-married couples a maximum of \$1,500 for the purchase of property and furniture.

As the bill was read on the floor Rep. Chester K. Gillespie (R-Cuyahoga) offered a motion that it be rejected.

"The state is not in a position to finance such obligations if the bill passed," Gillespie said, and it is too frivolous a bill to be considered."

Over the objections of the Democratic minority the house took a standing vote and introduction of the bill was rejected 67 to 20.

Kasch has introduced 36 of the 251 bills sent to the house hopper in the present session.

Eighteen new bills were offered in the house yesterday and six in the senate. They included:

Senate bills: Pollock (R-Canton) providing an indefinite tenure for school teachers.

Ascherman (R-Cleveland) providing for removal of sheriffs for neglect of duty and misconduct in office after a court hearing.

Baumhart (D-Vermilion) increasing permit fees for wine manufacturers from \$20 to \$100, limiting the importation of wine for blending to 40 percent of production and raising from 51 percent to 60 percent the amount of Ohio wine required in blending products.

House bills: Betts (R-Hancock) prohibiting a person having a loaded shotgun or rifle while driving on the highway.

Werner (R-Summit) prohibiting sale of fireworks, excepting those for properly supervised displays.

Mahoney (D-Cuyahoga) creating a commission of six to investigate the administration of public assistance in Ohio.

Hoffman (R-Hamilton) reducing the penalty for robbery with force from 10 to 25 years to 1 to 25 years.

Rep. W. H. Whetso (D-Lawrence) offered a resolution asking Governor Bricker to inform the house of his plans for the division of aid for the aged. The resolution provides for a committee of five house members to investigate the needs of Ohio's aged and report within 30 days.

## PETTENGILL

"The Gentleman from Indiana"

WHY GARNER IS GARNER

It is interesting to note how Vice President John Garner has come to power. It is almost entirely a study in human personality, of qualities that command respect and confidence. It is worth the attention of young men and women starting at the foot of the political ladder. For there has been no seizure of power. Mr. Garner's power is unofficial and informal, the power of a trusted adviser to those who have official power.

PETTENGILL all. Officially, as presiding officer of the Senate, he can vote to break a tie, and enforce the rules of the Senate during its deliberations. That is

That John Garner is not like most of his predecessors, a powerless and colorless figure, is due to the fact that he is John Garner. He has political "it".

Eight years ago I was a freshman in Congress. I felt, like most freshmen, that nobody knew me. Nobody loved me. One day my office door opened. "Is the boy in?" It was John Garner, Speaker of the House. "Hello, boy, how are you getting on?" And then a few homely words.

In two minutes he was gone, but eight crowded years have not blotted out those minutes. From that time on, I have been his friend.

Only those who know what a busy man the Speaker is; only those who know how exhausting it is to pound your heels down the long corridors of the House Office Building, in fact only a freshman Congressman as forlorn as a lone, lean mule in a sheep corral, can appreciate what is meant that John Garner took time to ride herd on his young mavericks.

He is the only Speaker I ever saw in the House Office Building. So, that is part of the secret. Multiply that small incident by tens of thousands of similar human contacts since Mr. Garner was himself a freshman Congressman 35 years ago, and you need an adding machine to get the total.

For a third of a century Jack Garner has been the intimate friend of Congressmen and Senators. While others issued orders and sent messengers, Garner went himself and won affection. And as Poor Richard says, "If you want a thing done, go; if not, send."

None of this is pose. It doesn't rub off. The Vice President is Garner clear through, all the way from Washington to Uvalde, and

I have seen him in both places. He likes people. He even likes Congressmen!

Another part of the Garner secret is that his word is good. It is "yes" or "no". When he says "no" he is better liked than some others in Washington when they say "yes". His words are not chameleons. They are rocks. You can build upon them.

The developing opposition within the Democratic Party to part of President Roosevelt's program had to have a place to focus. This is not to say Mr. Garner has welcomed this development. On the contrary, he has loyally wished President Roosevelt's administration to be a howling success. If so, we would now have a happy nation. But it is perfectly plain that Mr. Garner objects seriously to certain persons, and certain policies that have won the President's approval. He has felt they would not work and now knows it.

In this clash of opinion Mr. Garner labors under a great disadvantage. It comes not only from his personal loyalty to his "boss", but from his loyalty to the Democratic Party as such—a national and not a class party. For this reason he will often be under great pressure to make concessions for the sake of unity.

Those elements in the party which he opposes do not have this intense party feeling. Many of them have no regard for the party as such. They use it but are not of it. Relief Appropriation Bill

BOND ISSUES URGED

House Must Agree On  
Two Amendments Of  
Upper Branch

COLUMBUS, Feb. 2—Officials of urban areas frantically sought the means to finance their share of relief today as the \$5,000,000 appropriation bill neared final action in the legislature.

A solution was seen in an emergency bill introduced by Sen. Richard Milroy (R-Toledo) authorizing subdivisions to issue poor relief deficiency bonds to meet matching obligations.

The bill allows subdivisions to issue the bonds after their bonding capacity has been exhausted. The state tax commission would determine the amount of the bonds. The bill also authorizes the levy of a tax for the payment of interest.

Another Step Taken

The relief bill, which requires dollar-for-dollar matching on the basis of needs by political subdivisions, reached another step towards final enactment when the senate passed it, 32 to 2 as an emergency measure.

It will become law when the governor affixes his signature and the welfare director is prepared to immediately allocate funds to distressed communities.

House leaders have indicated that the lower branch would concur in the two amendments which the senate inserted, one which would credit January relief expenditures to matching funds and the other setting up county relief clearing houses.

Sen. Leo M. Ascherman (D-Cleveland) attempted to amend the bill on the senate floor to include that municipalities be credit-

ed with WPA expenditures in matching state relief money. The Republican majority, under the whip of Floor Leader Frank E. Whittemore, Akron, repulsed this action by a 25 to 8 vote. The house previously had knocked out the WPA matching clause in committee on the insistence of Governor Bricker, who claimed that the plan constituted "fictitious matching."

Whittemore said he "might" be in favor of some percentage of WPA matching, but would not go along on a 100 percent basis.

With the relief bill practically completed, legislators turned their attention to other proposals including one by Sen. Robert A. Pollock (R-Canton) providing for construction of dormitories by state universities.

## SEVEN CHICAGO REGULARS TURN DOWN PAY BIDS

CHICAGO, Feb. 2—The roster of embryo holdouts on the Chicago Cubs—players who have returned their contracts unsigned, includes seven regulars, it was revealed today.

Rebellion against 1939 salary terms has infected Pitchers Clay Bryant, Jack Russell and Larry French, Outfielders Augie Galan and Carl Reynolds, Third Baseman Stan Hack, and First Baseman Phil Cavaretta.

Four rookies, it also became known, have balked at the contracts offered. They are Bill Baker, a catcher from Indianapolis; Pitcher Gene Lillard of Los Angeles; First Baseman Glen Russell of the same club and Pitcher Newel Kimball, a past performer for the Cubs.

Beside these eleven, the club's management admitted that Outfielders Joe Marty and Hank Leibner, recently acquired from the New York Giants, are still studying their contracts, probably hoping to change the spots.

Owner P. K. Wrigley brightly opined that he wasn't much concerned with the outcome of the wholesale protests. "I'm a holdout, myself," he said in announcing the terms on the contracts were final that there would be no bargaining. "I'm disappointed in their attitude, but the contracts were prepared only after careful consideration and I think we were eminently fair."

## KNIFE HURTS WORKMAN

William Kurtz, 24, of Plain City, employed in the construction of a barn on the Bruce Stevenson farm, Jackson township, was treated at Berger hospital Wednesday after-

noon for a wound in his left arm suffered when a knife slipped while he was working on a door. Kurtz was treated by Dr. Lloyd Jonnes, then discharged.

## TEACHERS ASK FREEDOM

PORTLAND, Ore., — Freedom to be a citizen of the community and to exercise constitutional rights of a citizen, was demanded by Mrs. Myrtle Hooper Dahl, president of the Minnesota Education Association. Speaking before the Oregon State Teachers Association convention, Mrs. Dahl declared:

"Thorough understanding and

appreciation of American democracy can never be done completely until teachers are freed. In many instances they are not allowed to discuss any controversial issue in the classroom or to express opinions on the outside."

Many prominent botanists believe that the common buttercup is the ancestor of the vast variety of flowers in the modern world.

## FETE CORNELL

ITHACA—The boyhood home at DeRuyter, N. Y., of Ezra Cornell, founder of Cornell University, will be commemorated by a marker in the Spring. The marker has been assured by the State Education Department and the New York State Historical Society through the efforts of Walter W. Edwards and his committee of the Cornell Club of Syracuse. Ezra Cornell

moved with his parents to the DeRuyter home in 1819 when he was 12 years of age. In 1826 he came to Ithaca, in 1855 formed the Western Union Telegraph Company, and in 1865 founded Cornell University.

The bill, an emergency measure,

would authorize the trustees of Kent State, Bowling Green, Ohio, Miami and Ohio State universities to purchase buildings and lands and pay for them with student fees or from proceeds from the operation of dormitories.

Pollock's bill claimed that existing provisions of the law are inadequate to provide for the necessary refunding of notes which are outstanding. It also authorizes the issuance of notes for land purchases.

The house prepared to act when it meets at 12:30 p. m. today on concurrence in senate amendments to the liquid fuel tax bill extending the tax for two years and reverting revenues to the general revenue fund.

Concurrence of the house in senate amendments to the Mees cigarette tax extender bill was accomplished yesterday.

The senate confirmed Governor Bricker's appointments of Dr. R. H. Markwith, Akron, as director of health at \$6,500 a year and George C. McConaughy, Cleveland, as a member of the utilities commission at \$6,000 a year.

Following action on the relief bill the senate adjourned until noon today.

The Ascherman bill giving jurisdiction to the criminal courts to commit mentally deficient persons who commit misdemeanors or felonies to state institutions rather than to prisons was recommended for passage by the senate judiciary committee.

An amendment was offered knocking out the misdemeanor section, but it was tabled.

## First of Poultry Essay Contests is Conducted

Dwight Bethards Wins at Scioto Grange

About 60 grangers and visitors were present at Scioto grange Wednesday evening when the first essay contest in the county in connection with the "World's Poultry Congress" was held. The contestants were Wanda Jane Hudson, Dwight Bethards and Emerson Sheets, with the prize awarded to Mr. Bethards for his paper, "Don Walker, a representative of the Ralston-Purina company, and Miss Mary Shortridge, Pickaway county 4-H club leader, served as judges for the event."

J. M. Dountz, worthy master, opened the meeting and turned the program over to Mrs. Hazel West, worthy lecturer. Miss Lounelle Finch sang one solo in opening the program, her mother, Mrs. George Finch playing the piano accompaniment.

The grange contestants' essays were written on the subject, "What the World's Poultry Congress Is and What It Means to Ohio People". Each grange in the county will hold a contest, the winners of these to compete in a county grange contest. A year's membership in the grange was the award received by Mr. Bethards. The other contestants were given prizes of encyclopedias. While the judges were in conference, three vocal duets were sung by C. M. and Frank Beatty.

Following the presentation of the award to Mr. Bethards, Mr. Walker spoke briefly on the subject under discussion and urged all grangers to attend the Congress when it meets in Cleveland, July 28 through Aug. 7. Both Mr. Walker and Miss Shortridge are officers of the Pickaway county committee for the affair.

Joseph Peters of Nebraska grange, who was county delegate to the State Grange at its December meeting in Akron, gave his report. Another duet by the Beatty brothers closed the program.

### Mrs. Rinehart Entertains

Mrs. Frank Goff, Mrs. Russell Miller and Mrs. C. G. Chalfin won the score prizes Wednesday when Mrs. M. S. Rinehart entertained her auction bridge club. Mrs. Earl Price and Mrs. Clarence Hott joined the players for the evening.

A salad was served at the card tables after the games.

Mrs. Walter Denman will be club hostess in two weeks.

### Mrs. McAbee Hostess

Two tables of contract bridge progressed Wednesday when Mrs. Clarence McAbee was hostess to the members of her club.

When scores were tallied at the close of the games, Miss Kitty Mead, Mrs. Robert Denman, and Mrs. Paul Betz won the bridge favors. The traveling prize was awarded Mrs. I. W. Kinsey.

Light refreshments were served by the hostess after the games.

When the club meets in two weeks, Mrs. Ralph Ward, S. Washington street, will be hostess.

### St. Philip's Guild Meets

The Ladies' Guild of St. Philip's church met in the parish house Wednesday with a representative number of members present.

Mrs. Frank Davis presided at the business session. Plans were completed for a bake sale which the guild will sponsor Feb. 11.

### Book Review

More than forty were present Wednesday for the review of "All This and Heaven, Too," presented by Mrs. Depew Head of Columbus in the Presbyterian church under the auspices of the Westminster Bible class.

The book, which was written by Rachel Fields, is the story of the life of a French woman, the wife of Miss Fields' uncle, Henry Fields. Not only is it the best novel written by Miss Fields, but

is an outstanding example of good fiction. It ranks with the best in light fiction for the season.

Mrs. Head in a short talk during the afternoon recommended several news books of fiction and non-fiction for the consideration of the audience.

In this list are included "Listen! The Wind," by Ann Lindbergh and "Alone" by Richard Byrd, which she considers the two outstanding books of the year. She also highly endorses "Grandmother Called It Carnal," by Bertha Damon.

Others mentioned were "Ends and Means" by Aldous Huxley; "More Lives than One" by Claude Bragdon; "Frontiers of Freedom," by Philip Gibbs; "The Big Four," Oscar Lewis; "Across the Frontier," Philip Gibbs; "Philosopher's Holiday," Edman and "With Malice Toward Some," by Margaret Halsey.

**Chillicothe Riding Club Dinner** Miss Evelyn Wolfe, a Circleville member of the Chillicothe Riding club, attended the dinner meeting of the group Wednesday when it met at the Fox farm.

One of the highlights of the entertainment of the affair was the talk by Dr. J. P. Gardner of Kingston, who read a paper on "The Evolution of the Horse."

During a brief talk he mentioned his boyhood friendship with Edgar Guest. He also read a poem written by Mr. Guest and sent to him, in which the poet had written of the members of the Chillicothe

club, their stables, and horses. Dr. Gardner also read poems written by himself very like the style of the Guest poems.

Garrett S. Claypool also talked briefly during the dinner hour.

Thirty were present for the dinner which the guests attended in their riding habits. During the hour following the dinner, square dances and games on horseback were enjoyed in the barn.

For Thursday, February 2

RATHER "mixed influences," according to astrological testimonies, are found in this day's chart. While there may be sudden and surprising opportunities for progress and expanding good fortunes, there also may be a definite obstacle or delay in reaching these desirable objectives. This might possibly have to do with the personal activities or that of the family. It is probably that strangers or distant influences may assist to

a beneficial change. Secret alliances may be lucrative.

Those whose birthday it is may look for a year of rather conflicting conditions. There is much opportunity for gain and expanded interests, but there is a delaying, impeding or disappointing influences as well. This might be due to illness or depression. Distant matters, strangers or large interests or political organizations may figure in one's success and demand a change of plans.

A child born on this day may have varied talents, much ingenuity and skill, although disposed to "hide its light under a bushel" through morbidity, lack of confidence or physical debility.

## HOUSEHOLD HINTS

Milk is said to be the most nearly perfect food. Some ideas in connection with it as food have been proved fallacious, according to the latest conclusions.

For instance, milk when used with foods furnishing adequate roughage is not constipating.

It is not necessary to avoid serving milk and acid fruits together. In fact, it has been found that the combination is beneficial.

Third, milk may be drunk naturally and not stirred slowly, to create good conditions for digestion.

Branches of forsythia and pussy-willows lent a Spring-like atmosphere to the February session of Emmett's Chapel Aid society at its meeting Wednesday at the home of Mrs. Cora Hood, Pickaway township. Approximately 35 members and visitors were present for the affair which was concluded with a delightful lunch appropriate to the Valentine season. Mrs. Abe Pontius and Miss Nettie Rader were assisting hostesses.

Mrs. John Dearth presided at the meeting and led the devotionals. During the business session, plans were made to serve lunch at the farm sale of Hunter Chambers, next Thursday.

Mrs. Riley Bitzer and Mrs. George Jury directed the entertainment, conducting a game of Charades and several contests.

The March meeting of the group will be in Emmett's Chapel with Mrs. Cliff Miller, Mrs. John Miller and Miss Kathleen Hill serving as hostesses. The session will be March 5.

Earnest Workers' Class

Mr. and Mrs. Emmett Barnhart, Mr. and Mrs. Lawrence Hulise and Mr. and Mrs. Raymond Rader will have charge of the entertainment Monday, when the members of the Earnest Workers' class meet in the basement of the Methodist Episcopal church, for the February session. The meeting will be called to order at 7:30 p. m.

Jolly Time Club

Mrs. F. E. Heraldson joined Mrs. George Bennett in entertaining the members of the Jolly Time club Wednesday afternoon at the Bennett home, N. Scioto street. Mrs. Marge Cardiff was received as a new member at this meeting.

In a contest conducted by Mrs. Hugh Baxter, the prize for high

score was won by Mrs. Bennett. Refreshments were served at the close of the session.

Mrs. Baxter will entertain the club when it meets in two weeks.

Zelda Bible Class to Meet

Miss Adella Huffman will be chairman of the hospitality committee for the meeting of the Zelda Bible class Friday in the parlor of the Methodist Episcopal church.

Election of officers is scheduled for the session and it is requested that all class members attend.

Past Chiefs' Club

Mrs. George Marion and Mrs. Burkhead were joint hostesses at the February session of the Past Chiefs' club Wednesday at Sylvia's party home. About 16 members enjoyed the supper served preceding the evening of games. Mrs. Wade Cook of Mt. Sterling, an out-of-town member, was present.

During the short business session, plans for charity work in connection with the Medina Home were discussed. This is the Pythian Sisters' home of that city.

Games of cards and Chinese checkers were played during the social session.

Mrs. Fred Nicholas and Miss Nellie Bolender will be hostesses at the March meeting.

Trudi Schoop Ballet

Trudi Schoop and her comedians will be presented in ballet Thursday night at Memorial Hall, Columbus, by the Civic Concert series of that city.

Many Circleville patrons will attend the affair, including Mr. and Mrs. Clark Will, Mr. and Mrs. Harry Heffner, Mr. and Mrs. Charles Gilmore, Mr. and Mrs. George Foreman, Mrs. James Moffitt, Mrs. C. K. Hunsicker, Mrs. Ione Reichelderfer, Mrs. Frank Bennett, Miss Katherine Foreman and Miss Rosemary Jackson.

Art Sewing Club

Mrs. George Marion, W. Corwin street, will entertain the members of the Art Sewing club when it meets in her home Wednesday at 2:30 p. m.

D. U. V. Sewing Club

Mrs. George Hammel assisted by Mrs. James Carpenter will entertain the meeting of the Sewing club, Daughter of Union Veterans, Wednesday at 2 p. m. at the Hammel home, N. Court street.

Ebenezer Social Circle

The Ebenezer Social Circle will meet Wednesday at 1:30 p. m. at the home of Mrs. Harvey Dresbach, E. Main street. Mrs. Charles Dresbach and Mrs. George Bennett will be assisting hostesses.

Lutheran Ladies' Society

The Ladies' society of Trinity Lutheran church will meet Wednesday at 2:30 p. m. in the parish house for the regular session.

Chillicothe Colonial Tea

Mrs. Orion King presented a paper on "Coverlids" before the members of Nathaniel Massie chapter of the Daughters of American Revolution Wednesday at 2:30 p. m. when they met for a colonial tea at the home of Mrs. A. E. Herrstein, Chillicothe. Members of the Chillicothe chapter participating in the colorful affair were in colonial costumes. In connection with Mrs. King's discussion, many treasured old coverlids were shown, some of the best

examples of the artistry of the old weavers.

Mrs. John Hyde Dunlap, Sr., of near Williamsport, regent of the chapter, met with the advisory board members preceding the tea, and conducted the brief business session which was held before the social hour.

Mrs. Madge Hurst, Miss Florence Miesse and Mrs. Edward Barrett assisted Mrs. Herrstein with the entertainment for the occasion.

In addition to Mrs. King, other Circleville guests at the tea were Mrs. Meeker Terwilliger, Mrs. Bryce Briggs, Mrs. Helen Black Anderson and Mrs. B. T. Hedges.

Personals

Mrs. Charles Reeder and three children, Florence, Eleanor and Paul, who have been spending a year visiting relatives and friends in Ohio, came from Wooster, Wednesday to visit Mrs. C. F. Abernethy of N. Court street before leaving for their home in China. The Reeder family will leave San Francisco, Sunday, on their return trip.

Gerald Hanley and A. C. Cook of Circleville left Wednesday on a trip to Florida.

Mr. and Mrs. Henry Dunkle of Pickaway township returned Wednesday after a short visit with Mr. and Mrs. Fred Smith of Urbana. Mr. and Mrs. Dunkle motored their son and daughter-in-law, Mr. and Mrs. Stanley Dunkle, to Dayton, Monday, when they returned after spending the weekend at the Dunkle home.

Mrs. Kelly R. Hannan of Lancaster was a guest, Wednesday, of her niece, Miss Mary Virginia Crites, of W. Franklin street.

Mrs. John Fry of Jackson township was a Wednesday shopper in Circleville.

Miss Jeannette Wenrich of Stoutsville was a Circleville visitor, Wednesday.

Mrs. Ward Timmons of Wayne township shopped in Circleville, Wednesday.

Mrs. Ben Hedges and sister, Miss Martha Dresbach, of near Ashville visited relatives in Circleville, Wednesday.

Mrs. Robert Shaw and daughter, Nancy, of Columbus were

Wednesday guests of Mrs. Shaw's mother, Mrs. Stella Spangler of Watt street.

Mrs. Harley Lutz of Whisler was a Circleville shopper, Wednesday.

Mr. and Mrs. Russell Howard of Williamsport were Wednesday shoppers in Circleville.

Mrs. Alice Knece and Mrs. Opal Allen of Tarlton were Circleville visitors, Wednesday.

Mrs. C. H. Doner and daughter of Saltcreek township were in Circleville, shopping, Wednesday.

Mrs. William Whitehead of Ashville shopped in Circleville, Wednesday.

Mrs. Edith Neff and Miss Lois Neff of Lancaster were Wednesday guests at the home of Mr. and Mrs. Malcolm Russell of Watt street. Mrs. Neff remained for a longer visit at the Russell home.

Mr. and Mrs. Jacob LaRue of near Ashville were Circleville business visitors, Wednesday.

Mrs. C. C. Lynch of Ashville shopped in Circleville, Wednesday.

Mr. and Mrs. Earl Trego and Mrs. Theodosia Trego of Williamsport were Wednesday business visitors in Circleville.

Mrs. Tom Gephart and Mrs. C. E. Hill of Williamsport were Wednesday shoppers in Circleville.

STARS SAY—

For Thursday, February 2

RATHER "mixed influences," according to astrological testimonies, are found in this day's chart. While there may be sudden and surprising opportunities for progress and expanding good fortunes, there also may be a definite obstacle or delay in reaching these desirable objectives. This might possibly have to do with the personal activities or that of the family. It is probably that strangers or distant influences may assist to

a beneficial change. Secret alliances may be lucrative.

Those whose birthday it is may look for a year of rather conflicting conditions. There is much opportunity for gain and expanded interests, but there is a delaying, impeding or disappointing influence as well. This might be due to illness or depression. Distant matters, strangers or large interests or political organizations may figure in one's success and demand a change of plans.

A child born on this day may have varied talents, much ingenuity and skill, although disposed to "hide its light under a bushel" through morbidity, lack of confidence or physical debility.

It is reported that 5,400,000 citizens of the city of New York ride the subways.

HOUSEHOLD HINTS

Milk is said to be the most nearly perfect food. Some ideas in connection with it as food have been proved fallacious, according to the latest conclusions.

For instance, milk when used with foods furnishing adequate roughage is not constipating. It is not necessary to avoid serving milk and acid fruits together. In fact, it has been found that the combination is beneficial.

Third, milk may be drunk naturally and not stirred slowly, to create good conditions for digestion.

WELFARE CHIEF TELLS WOODARD TO "CLEAN UP"

Warden Declares Reports Are "Exaggerations"; Probe Under Way

(Continued from Page One)

out to get Warden Woodard's job," Sherwood said yesterday. "But I told him right after I took office that I wouldn't stand for conditions I knew existed at the penitentiary. I hope to do it through Woodard, but I'm going to get it done."

Sherwood said he had "plenty of evidence" that liquor, drugs and privileges were being sold to inmates of the penal institution. The evidence, he said, consisted of affidavits from former employees and convicts and samples of drugs and liquor.

Asked whether he had ordered the inquiry, Gov. John W. Bricker said he had not, but added that "anything Sherwood does to improve conditions at state institutions has my support."

According to Sherwood, Warden Woodard has denied repeatedly that he knew of the widespread sale of drugs, liquor and privileges to prisoners.

Meanwhile Warden Woodard did not appear particularly worried about the investigation; neither did he seem willing to discuss the inquiry at length.

"There has always been a small quantity of whiskey and dope smuggled in here," Warden Woodard told International News Service. "We are powerless to prevent that when we have so many guards."

"Money Changing Hands"

Sherwood said that he has information that "a lot of money changes hands" at the penitentiary for privileges. If he obtains additional proof, the welfare director said, there probably will be a wholesale dismissal of penitentiary guards.

Prior to becoming warden in 1930 after former governor Davey ousted Warden Preston Thomas, Woodard was a deputy warden for 22 years.

SAILORS' DARING SAVES CREW OF FREIGHTING SHIP

SYDNEY, N. S., Feb. 2—The captain and crew of the 35-ton schooner Alfreda, locked in the ice off Cape Breton, were saved from possible starvation today by the daring courage of two sailors who deserted the ship and leaped from ice floe to ice floe for a mile and a half to summon aid.

The federal ice-breaker Montcalm will take food to the stranded ship whose supplies cannot last beyond Saturday.

The sailors, Amos Blagdon, 30, and Gordon Blagdon, 17, no relation, left Capt. Amos Keeping and six shipmates behind as they went on their perilous mercy mission. The ship became ice-locked Monday shortly after sailing for English harbor, Newfoundland, from Sydney with a cargo of coal.

PROFESSOR GIVES STUDENTS CANDY PRIOR TO TESTS

BLOOMINGTON, Ind. — When Prof. Carroll Christenson gives an examination to his economics classes at Indiana University he "sweetens the poison."

Students thought the professor was turning the tables and attempting to "apple polish" them when the instructor passed out sacks containing chocolate drops.

But after they had eaten the sweets, Prof. Christenson explained that psychologists claim that there is a direct relationship between consumption of concentrated foods and the efficiency of intellectual activity.

JAMES F. CREAGER, OF NEAR STOUTSVILLE, DIES

James Franklin Creager, Stoutsville farmer, died early Thursday at his home, a heart attack proving fatal.

Mr. Creager is survived by his widow, Ethel Shupe Creager; three children, Garrett, Edgar and Annabelle, all at home, and two sisters, Mrs. Hughie Conrad of Miamisburg and Mrs. Charles Knecht of Stoutsville.

The funeral will be Saturday at 2 p. m. with burial in Maple Hill Hill cemetery. Whether the rites will be at the home or the church has not been determined. Crites and Van Cleave are in charge of funeral arrangements.

Then examination papers were passed out. The graded papers haven't been returned as yet.

of Propaganda Minister Joseph Goebbels, today devoted its entire front page to comment on the events in Washington.

A banner headline spread across the page read:

"Roosevelt Drives America As a Jewry Slaughter Victim to War."

Der Angriff declared that "the storm of resentment which followed Roosevelt's war-mongering proves to the world that the President can no longer rate as speaker for his people."

The newspaper B. Z. Am Mittag declared:

"American citizens are already realizing that Roosevelt is a dictator of the worst kind who tries to cover himself by denouncing others."

Peace To Prevail

Taking up the theme that President Roosevelt is continuing in the tradition of Woodrow Wilson, the newspaper asserted:

"Roosevelt will not succeed in disturbing the peace. Promoting the effect of Chancellor Hitler's speech, we recently heard authoritative American voices say that the White House contains a man who does not really know what is going on in Europe and the world."

"Just as Wilson did not know where Prague was situated, Roosevelt seems not to know where Munich was."

"Munich is situated right in the conscience of Europe if that conveys anything to Roosevelt."

"We might add in connection with Roosevelt's remarks about the American frontier being on the Rhine that he apparently does not know where the Rhine flows. It is where the biggest fortifications works in the world have just been established."

WASHINGTON, Feb. 2—The federal deficit reached close to the \$2,000,000,000 point today as the treasury concluded the seventh month of the 1939 fiscal year. Latest figures showed the excess of expenditures over receipts to be \$1,987,153,408. The deficit at this time a year ago was only \$751,541,642.

OHIO SCHOOLS AIDED

COLUMBUS, Feb. 2—The house finance committee today reported out and recommended for passage the McGregor bill, which would appropriate \$12,600,000 to public schools for the regular quarterly distribution.

The quarterly period covers January, February and March. The finance committee voted unanimously for the bill as introduced and offered no amendments.

GRANDPAPPY GALE WINDPENNY OF HURRICANE CORNERS MUST MISS THE OLD FASHIONED WINTERS

CHICAGO, Feb. 2—War lies at the end of the road being taken by President Roosevelt in his foreign policy, according to former President Herbert Hoover.

To avoid such a catastrophe Hoover demands that congress and the public be allowed to aid in moulding the nation's policies toward the rest of the world.

The death of liberty and universal dictatorship, he said, would be the inevitable result of another great war no matter for what cause it was waged.

"I'm glad it's over," he snapped, but beyond that he would go no further. When pressed by reporters for a statement, Burns said: "You've got all the story, boys."

Burns is due to make another trip to the federal courts in New York later to testify against his fellow comedian, Jack Benny, who has elected to stand trial on similar charges. Burns pleaded guilty to charges of smuggling \$4,855 worth of jewelry into the United States.

Airplane records disclosed he had travelled from New York under the name of "Lester Hammel."

CONVICTS AT SAN QUENTIN PRISON CONTINUE STRIKE

SAN QUENTIN PRISON, Cal., Feb. 2—Boos, catcalls and the banging of tin cups against steel bars echoed through the dim corridors of San Quentin prison's cell blocks today. Die-hard felons noisily proclaimed their intention of continuing a "corned willie" strike into its second day.

But Warden Court Smith, who courageously harangued 4,000 of the prison's 5,263 convicts for three hours yesterday in an attempt to halt the strike, expected the number of strikers to dwindle rapidly today.

The hunger strike began yesterday noon because "corned willie"—corned beef hash—usually is served at Wednesday lunches and prisoners dislike the dish.

However, Warden Smith had heard of the planned strike several days ago and the noon menu consisted of spaghetti, meat loaf, pickles, white bread, brown beans and tea.

Approximately 1,500 convicts decided to strike anyway and remained in the prison yard yelling their displeasure and refusing to enter the mess hall. There was no rioting.

The towering six-foot, six-inch warden strode into the yard alone and unprotected. For three hours he pleaded with the men, assuring them their complaints would be given consideration. Boos and shouts drowned out his words.

GEORGE BURNS BACK IN WEST

HOLLYWOOD, Feb. 2—Back in Hollywood today, George Burns the radio comedian and husband of Gracie Allen, who was fined \$8,000 in New York on smuggling charges, refused to discuss the court appearance.

GALENTO READY TO MEET BROWN IN DETROIT RING

DETROIT, Feb. 2—Tony Galento, Orange N. J.'s, "wide hope" today was to engage in his last workout before meeting Natie Brown, Washington, D. C., Hebrew heavyweight in Detroit's Olympia stadium tomorrow night.

Between night club appearances, starting six-day bicycle races and luncheons, Galento sandwiched in a half hour workout yesterday.

The roly-poly bartender-boxer boxed with one sparring partner, moving easily, doing more boxing than flailing and appeared in as good shape as he ever achieves.

He will not box today but will do only light exercises until the weigh-in tomorrow afternoon.

Brown worked out for nearly 40 minutes and was his usual colorless self.

FISHERMEN MAY WEAR LICENSES ON THEIR BACKS

COLUMBUS, Feb. 2—The house hopper today contained a bill which would require fishermen to wear a "plate" on their back bearing the number of their fishing license.

It was introduced by Rep. William E. Minshall, Jr., (R-Cuyahoga). Under the bill the plates would not be less than an inch high and would be given to fishermen when they purchased their license. Failure to wear the license would mean a fine of from \$10 to \$50 and costs.

Hunters are required to wear similar licenses on their backs while in the fields under provisions of a bill passed in the last assembly.

The conservation division would be given \$4,000 for the purpose of purchasing Starve Island, near Put-in-Bay, on Lake Erie under a bill offered by Rep. Charles F. Sweeney (D-Cuyahoga). The island is a favorite bass fishing ground.

still desperately offering a last-ditch resistance.

Other Towns Fall

Authorities at Salamanca stated that Generalissimo Francisco Franco's forces, after occupying the government stronghold of Vich at the center of the front, captured Breda, Hostalrich and several other villages along the Mediterranean coast.

Two thousand government soldiers were taken prisoner, it was stated. The greatest advances were claimed in the coastal region, where bodies of several hundred slain government soldiers were found.

Insurgent planes raided the port of Cartagena, damaging warships there and scoring direct hits on the docks, the Salamanca announcement added.

At Gerona, government officials admitted the insurgents had advanced on the coast but said Franco's legions had been repulsed at all other points.

With the fall of Vich, only two more major government strongholds remain before the insurgent forces battling their way forward toward the French Pyrenees border.

LE HAVRE—Yon can't duck the cabbies of this town.

One Britisher, a seaman on a Channel steamer, hired a cab for a sightseeing tour of this picturesque French seaport and, having been toured about for several hours, returned to the docks just in time to catch his boat back to England.

He hopped aboard quite forgetting the cabbie—who had a much better memory and consequently followed the seaman. Both rode to England, the cabbie free of charge and complaining loudly of the "gyp" to the captain.

When last heard of, the driver was in the care of the French Consul preparatory to being returned to France—but he had his fare.

TAX FOR AGED?

WASHINGTON, Feb. 2—A two percent gross income tax to yield more than seven billion dollars a year was proposed today before the house ways and means committee to finance an old-age pension plan to provide \$60 a month for everybody over 60.

CASUALTIES IN PALESTINE WAR SHOW BIG RISE

JERUSALEM—Total casualties in Palestine during 1938 were 2,000 killed and over 1,700 wounded—a startling increase over 1937, when the casualties were only 97 killed and 149 wounded.

The actual killed and wounded during the year, as compiled by "The Palestine Post," local English-language daily, were as follows:

Killed Wounded Arab Civilians .... 486 636 Arab Bandits .... 1,138 196 Jews ..... 292 649 Britons ..... 60 233 Others ..... 12 6

Totals ..... 1,997 1,720

The 292 Jews who were killed comprised 224 civilians and 68 constables. There were 81 Jews killed in 1936 and 33 in 1937.

The British casualties comprised civilians, policemen and soldiers.

TO WED OR NOT IS ASTROLOGIST'S MAJOR QUESTION

PITTSBURGH—To marry or not to marry, that is the question most asked of astrologists, Mrs. Martha E. Knotts, president of the Pennsylvania Astrological Association, declared in Pittsburgh recently.

But, she added, regardless of what the stars say, the inquiring couple go right ahead and have the "I do" ceremony performed. Love is blind; has ever been blind, and probably always will be, Mrs. Knotts said complacently.

What the "love birds" really want is confirmation, and not advice, she'll tell you. Invariably when the stars point out that temperaments aren't suited, the lovers merely go right ahead anyway and let the results take care of themselves, she said.

Mrs. Knotts is also executive secretary and treasurer of the American Federation of Scientific Astrologers.

CASUALTIES IN PALESTINE WAR SHOW BIG RISE

JERUSALEM—Total casualties in Palestine during 1938 were 2,000 killed and over 1,700 wounded—a startling increase over 1937, when the casualties were only 97 killed and 149 wounded.

The actual killed and wounded during the year, as compiled by "The Palestine Post," local English-language daily, were as follows:

Killed Wounded Arab Civilians .... 486 636 Arab Bandits .... 1,138 196 Jews ..... 292 649 Britons ..... 60 233 Others ..... 12 6

Totals ..... 1,997 1,720

The 292 Jews who were killed comprised 224 civilians and 68 constables. There were 81 Jews killed in 1936 and 33 in 1937.

The British casualties comprised civilians, policemen and soldiers.

WELFARE CHIEF TELLS WOODARD TO "CLEAN UP"

Warden Declares Reports Are "Exaggerations"; Probe Under Way

(Continued from Page One) out to get Warden Woodard's job," Sherwood said yesterday. "But I told him right after I took office that I wouldn't stand for conditions I knew existed at the penitentiary. I hope to do it through Woodard, but I'm going to get it done."

Sherwood said he had "plenty of evidence" that liquor, drugs and privileges were being sold to inmates of the penal institution. The evidence, he said, consisted of affidavits from former employees and convicts and samples of drugs and liquor.

Asked whether he had ordered the inquiry, Gov. John W. Bricker said he had not, but added that "anything Sherwood does to improve conditions at state institutions has my support."

According to Sherwood, Warden Woodard has denied repeatedly that he knew of the widespread sale of drugs, liquor and privileges to prisoners.

Meanwhile Warden Woodard did not appear particularly worried about the investigation; neither did he seem willing to discuss the inquiry at length.

"There has always been a small quantity of whiskey and dope smuggled in here," Warden Woodard told International News Service. "We are powerless to prevent that when we have so many guards."

"Money Changing Hands"

Sherwood said that he has information that "a lot of money changes hands" at the penitentiary for privileges. If he obtains additional proof, the welfare director said, there probably will be a wholesale dismissal of penitentiary guards.

Prior to becoming warden in 1930 after former governor Davey ousted Warden Preston Thomas, Woodard was a deputy warden for 22 years.

SAILORS' DARING SAVES CREW OF FREIGHTING SHIP

SYDNEY, N. S., Feb. 2.—The captain and crew of the 35-ton schooner Alfreda, locked in the ice off Cape Breton, were saved from possible starvation today by the daring courage of two sailors who deserted the ship and leaped from ice floe to ice floe for a mile and a half to summon aid.

The federal ice-breaker Montcalm will take food to the stranded ship whose supplies cannot last beyond Saturday.

The sailors, Amos Biagdon, 30, and Gordon Biagdon, 17, no relation, left Capt. Amos Keating and six shipmates behind as they went on their perilous mercy mission. The ship became ice-locked Monday shortly after sailing for English harbor, Newfoundland, from Sydney with a cargo of coal.

PROFESSOR GIVES STUDENTS CANDY PRIOR TO TESTS

BLOOMINGTON, Ind. — When Prof. Carroll Christenson gives an examination to his economics classes at Indiana University he "sweetens the poison."

Students thought the professor was turning the tables and attempting to "apple polish" them when the instructor passed out sacks containing chocolate drops.

But after they had eaten the sweets, Prof. Christenson explained that psychologists claim that there is a direct relationship between consumption of concentrated foods and the efficiency of intellectual activity.

JAMES F. CREAGER, OF NEAR STOUTSVILLE, DIES

James Franklin Creager, Stoutsville farmer, died early Thursday at his home, a heart attack proving fatal.

Mr. Creager is survived by his widow, Ethel Shupe Creager; three children, Garrett, Edgar and Annabelle, all at home, and two sisters, Mrs. Hughie Conrad of Miamisburg and Mrs. Charles Knecht of Stoutsville.

The funeral will be Saturday at 2 p. m. with burial in Maple Hill cemetery. Whether the rites will be at the home or the church has not been determined. Crites and Van Cleave are in charge of funeral arrangements.

Then examination papers were passed out. The graded papers haven't been returned as yet.

GERMAN PAPERS SAY ROOSEVELT ASKING TROUBLE

Publications Drawing Line Between President And American People

(Continued from Page One) of Propaganda Minister Joseph Goebbels, today devoted its entire front page to comment on the events in Washington.

A banner headline spread across the page read: "Roosevelt Drives America As a Jewry Slaughter Victim to War."

Der Angriff declared that "the storm of resentment which followed Roosevelt's war-mongering proves to the world that the President can no longer rate as speaker for his people."

The newspaper B. Z. Am Mittag declared: "American citizens are already realizing that Roosevelt is a dictator of the worst kind who tries to cover himself by denouncing others."

Peace To Prevail

Taking up the theme that President Roosevelt has been taking at the end of the road being taken by President Hoover in his foreign policy, according to former President Herbert Hoover.

To avoid such a catastrophe Hoover demands that congress and the public be allowed to aid in moulding the nation's policies toward the rest of the world.

The death of liberty and universal dictatorship, he said, would be the inevitable result of another great war no matter for what cause it was waged.

ident Roosevelt is continuing in the tradition of Woodrow Wilson, the newspaper asserted: "Roosevelt will not succeed in disturbing the peace. Promoting the effect of Chancellor Hitler's speech, we recently heard authoritative American voices say the White House contains a man who does not really know what is going on in Europe and the world."

"Just as Wilson did not know where Prague was situated, Roosevelt seems not to know where Munich was."

"Munich is situated right in the conscience of Europe if that conveys anything to Roosevelt."

"We might add in connection with Roosevelt's remarks about the American frontier being on the Rhine that he apparently does not know where the Rhine flows. It is where the biggest fortifications works in the world have just been established."

DEFICIT FIGURES

WASHINGTON, Feb. 2.—The federal deficit reached close to the \$2,000,000,000 point today as the treasury concluded the seventh month of the 1939 fiscal year. Latest figures showed the excess of expenditures over receipts to be \$1,987,153,408. The deficit at this time a year ago was only \$751,541,642.

OHIO SCHOOLS AIDED

COLUMBUS, Feb. 2.—The house finance committee today reported out and recommended for passage the McGregor bill, which would appropriate \$12,600,000 to public schools for the regular quarterly distribution. The quarterly period covers January, February and March. The finance committee voted unanimously for the bill as introduced and offered no amendments.

GEORGE BURNS BACK IN WEST TO MEET BROWN REMAINS SILENT

HOLLYWOOD, Feb. 2.—Back in Hollywood today, George Burns the radio comedian and husband of Gracie Allen, who was fined \$8,000 in New York on smuggling charges, refused to discuss the court appearance.

"I'm glad it's over," he snapped, but beyond that he would go no further. When pressed by reporters for a statement, Burns said: "You've got all the story, boys."

Burns is due to make another trip to the federal courts in New York later to testify against his fellow comedian, Jack Benny, who has elected to stand trial on similar charges. Burns pleaded guilty to charges of smuggling \$4,855 worth of jewelry into the United States.

Airplane records disclosed he had travelled from New York under the name of "Lester Hammel."

CONVICTS AT SAN QUENTIN PRISON CONTINUE STRIKE

SAN QUENTIN PRISON, Cal., Feb. 2.—Boos, catcalls and the banging of tin cups against steel bars echoed through the dim corridors of San Quentin prison's cell blocks today. Die-hard felons noisily proclaimed their intention of continuing a "corned willie" strike into its second day.

But Warden Court Smith, who courageously harangued 4,000 of the prison's 5,263 convicts for three hours yesterday in an attempt to halt the strike, expected the number of strikers to dwindle rapidly today.

The hunger strike began yesterday noon because "corned willie"—corned beef hash—usually is served at Wednesday lunches and prisoners dislike the dish.

However, Warden Smith had heard of the planned strike several days ago and the noon menu consisted of spaghetti, meat loaf, pickles, white bread, brown beans and tea.

Approximately 1,500 convicts decided to strike anyway and remained in the prison yard yelling their displeasure and refusing to enter the mess hall. There was no rioting.

The towering six-foot, six-inch warden strode into the yard alone and unprotected. For three hours he pleaded with the men, assuring them their complaints would be given consideration. Boos and shouts drowned out his words.

GALENTA READY TO MEET BROWN IN DETROIT RING

DETROIT, Feb. 2.—Tony Galento, Orange N. J.'s, "wide hope" today was to engage in his last workout before meeting Natie Brown, Washington, D. C., Hebrew heavyweight in Detroit's Olympia stadium tomorrow night.

Between night club appearances, starting six-day bicycle races and luncheons, Galento sandwiched in a half hour workout yesterday.

The roly-poly bartender-boxer boxed with one sparring partner, moving easily, doing more boxing than flailing and appeared in as good shape as he ever achieves.

He will not box today but will do only light exercises until the weigh-in tomorrow afternoon.

Brown worked out for nearly 40 minutes and was his usual colorful self.

FISHERMEN MAY WEAR LICENSES ON THEIR BACKS

COLUMBUS, Feb. 2.—The house hopper today contained a bill which would require fishermen to wear a "plate" on their back bearing the number of their fishing license.

It was introduced by Rep. William E. Minshall, Jr., (R-Cuyahoga). Under the bill the plates would not be less than an inch high and would be given to fishermen when they purchased their license. Failure to wear the license would mean a fine of from \$10 to \$50 and costs.

Hunters are required to wear similar licenses on their backs while in the fields under provisions of a bill passed in the last assembly.

The conservation division would be given \$4,000 for the purpose of purchasing Starve Island, near Put-in-Bay, on Lake Erie under a bill offered by Rep. Charles F. Sweeney (D-Cuyahoga). The island is a favorite bass fishing ground.

Other Towns Fall

Authorities at Salamanca stated that Generalissimo Francisco Franco's forces, after occupying the government stronghold of Vich at the center of the front, captured Breda, Hostalrich and several other villages along the Mediterranean coast.

Two thousand government soldiers were taken prisoner, it was stated. The greatest advances were claimed in the coastal region, where bodies of several hundred slain government soldiers were found.

Insurgent planes raided the port of Cartagena, damaging warships there and scoring direct hits on the docks, the Salamanca announcement added.

At Gerona, government officials admitted the insurgents had advanced on the coast but said Franco's legions had been repulsed at all other points.

With the fall of Vich, only two more major government strongholds remain before the insurgent forces battling their way forward toward the French Pyrenees border.

BRITISHER FINDS LEHAVRE CABBIE HARD TO EVADE

LE HAVRE—Yon can't duck the cabbies of this town. One Britisher, a seaman on a Channel steamer, hired a cab for a sightseeing tour of this picturesque French seaport and, having been toured about for several hours, returned to the docks just in time to catch his boat back to England.

He hopped aboard quite forgetting the cabbie—who had a much better memory and consequently followed the seaman. Both rode to England, the cabbie free of charge and complaining loudly of the "gyp" to the captain.

When last heard of, the driver was in the care of the French Consul preparatory to being returned to France—but he had his fare.

# GLITT TEAM TAKES CITY LEAGUE LEAD; PURINAS LOSE PROTESTED FRAY

## About This And That In Many Sports

### Just Notes

If Tiger cagers can stop Tom Wuchet and Jack Wilce, Jr., they can defeat Upper Arlington in Friday night's game on the C. A. C. court. . . Both youths are fast, play a driving game and never tire. . . Circleville is given a boost in the Hillsboro newspaper. Buddy Faris, sports writer, terming the team "impressive" despite its defeat in the Highland county metropolis last week. . . The Tigers lost to London last year on the Tiger court and then won easily in this year's contest played in the London armory. . . Roger Burger, brother of Carl Burger, Pickaway's fine coach, is the center of a controversy raging in the Ohio conference. . . Duke Hays, Marietta coach, is fighting a conference ruling that keeps Burger from playing with his team because he attended another school prior to his enrollment at Marietta. . . Any league, whether basketball, football or Chinese checkers, that permits protests on decisions of officials is sounding its death knell. . . Such a policy tears down whatever confidence there has been in the persons handling the games. . . 'Tis a bad practice even if the protest has merit. . . State sports writers who have been picking out various teams on which to put their checks have been overlooking our fine Ashville team. . . The Harrison township lads are tough, they are tall, they have ability, they are well coached, they have the winning habit, they get into some surprising if they may into the district meet. . .

## FEED AND SOFT DRINK OUTFITS TO MEET AGAIN

### Market, Cleaners and Bakery Quintets Finish On Top In Other Tilts

More thrilling basketball games, with one between the Purina Feeds and Coca Colas providing the highlight, featured Wednesday evening's City league card. The games were played in the Circleville Athletic Club gymnasium.

Scores were:  
Wallace Bakery 31, Stevenson's Furniture 11.  
Glitt's Market 24, Eshelman Feeds 19.  
Caskey Cleaners 39, Bach Insurance 23.  
Purina Feeds 27, Coca Colas 26 (overtime).  
The Purina-Coca Cola game, which finished with the feed team apparently winning by a thrilling 27-26 score, was overruled in a unanimous vote by managers of the teams in the loop. The vote followed a protest lodged by Coca Cola team managers after they charged that a ball that should have been ruled out-of-bounds after it struck the crowd lined along the out-of-bounds line was permitted to remain in play, the Purinas scoring a basket on a rebound just as the overtime period ended. The game will be played over on February 10, John Heiskell, league president, announced Thursday.

**Early Lead Lost**  
The game was a thriller the entire distance. The Purina crew grabbed an early lead and held a two point edge at halftime, but the battle raged on. As the game ended the score was 24-11.

Soon after the overtime play started Jerry Millar, speedy Coca Cola guard, made good on two free throws to give his team a lead. A moment later, Tom Tomlinson of the Purinas chuckled a free throw to cut the lead to a single point. After an exchange of the ball, Kirk Cupp of the Purinas was dribbling down the floor when the ball evaded his grasp. The soft drink team declared that it went against the crowd and then back on the playing court, but no dead ball was called by the officials and the Purinas kept it in play. Cupp fired a long one and missed, but Tomlinson played the ball and pegged a goal on the rebound just as the game ended.

The protest was acted on immediately after the game. The Glitt Market team took undisputed possession of first place by turning back the capable Eshelman Feeds team. The Glitts, paced by tall Ed Reichelderfer, led the whole way.  
Wallace's bakery remained in the win column by easily disposing of the Stevenson team, while the Caskey cleaners were easy victors over the Bach Insurance crew.

## ATLANTA GOLF STAR UNDER PAR IN MIAMI MEET

MIAMI, Fla., Feb. 2.—Match play was to get under way today in the annual Miami-Biltmore women's golf tournament with medal honors going to Dorothy Kirby, youthful Atlanta, Ga., star, who fired a three-under-par 79 to equal the course record in the qualifying round yesterday.

Despite a high wind that bothered most of the participants, Miss Kirby, former southern champion, matched the record set by Maureen Orcutt in 1934, and finished the round two strokes in front of her nearest rival, Mrs. William Hockenjos, of Lake Hopatcong, N. J., who posted an 81 for the runner-up position.  
Titian haired Patty Berg, of Minneapolis, who has won the Miami-Biltmore the last four years, was in a two-way tie with Betty Jameson, of San Antonio, Texas, with even par 82's.

In today's first round match play Mrs. Hockenjos will play Mrs. H. S. Robbins, Spring Lake, Mich., who posted a 98; and Miss Berg, national champion, will engage Mrs. A. H. Rachlin, of Maplewood, N. J., 98.

### MIKE'S PHONE COSTS \$800

NEW YORK, Feb. 2.—Mike Jacobs learned a new angle on fight promotion work today when he received his telephone bill for the month of January. The bill was for \$800. When Mike made a check-up he discovered that fight managers have been dropping into his office in his absence and nonchalantly putting in calls for Los Angeles, Miami and other distant points—all at Mike's expense. Mike vows that henceforth he alone will use his phone.

## Marse Joe Voices Faith In His Yankees to Win

NEW YORK, Feb. 2.—This man Joe McCarthy is rapidly becoming a menace to the community. Of course, he has been a menace to the American league for several years but we never expected him to imperil the hearts of the sports writers.

The impossible happened today, however, when Joe came right out flatfooted and predicted a fourth straight pennant for his Yankees.

Now you know how Joe is. In his rasher moments he might break down and confess that his world champions were a fair sort of ball club.

So you may imagine the shock to the natives when Joe not only made an unqualified forecast but even unloaded facts and figures to prove his point.

"Who's going to stop us?" said Joe belligerently, or at least as belligerently as a genial fat man can be. "The Red Sox, Tigers and Indians probably have improved themselves a little but not enough to stop us."

"We've improved more than they have. We'll be a much better ball club than we were last year, and we were pretty fair then."

There was a howl of protest at this point because Joe seemed to be reverting to his usual style and the auditors wanted him to keep on punching.

Gordon, Gehrig Better  
"Okay," Joe agreed. "I'll tell you just where we will be better. Joe Gordon and Lou Gehrig both will show big improvement and they were good enough as they were." It was intimated that for Gordon to better his second base play he would have to improve on perfection but Joe disagreed to this.

"Not at all," Joe argued. "He'll be even better and he'll hit more. And that Gehrig will probably be back to his old form. Crosetti and Rolfe certainly won't be any worse and as for Bill Dickey—well, what catcher would you put in his place." "George Selkirk hit only .254 and Tommy Henrich only .270 last season and they'll be away ahead of those figures. And Joe DiMaggio may lead the league in hitting. No telling how good he'll be."

**Four Men Mighty**  
"I've got four potential 20-game winners—Red Ruffing, Lefty Gomez, Oral Hildebrand and Monte Pearson who's got more stuff than anybody in the league."

"Then I've got some new boys to look over. Pitchers like Atley Donald and Joe Beggs and Outfielders like Charles Keller and Joe Gallagher. This Gallagher hits a ball like DiMaggio and that's good enough for me."

"And we've got plenty of reserves. Now if we don't run into a bunch of accidents—"

But at this point everybody

## BUCKEYES END PRACTICES FOR MINNESOTA TILT

### Scoring Contest Between Hull, Addington Expected

COLUMBUS, Feb. 2.—Gunning for a possible Big Ten cage title, Ohio State university's basketball stars finished practice today in preparation for Saturday's crucial tilt against Minnesota in Minneapolis.

The Bucks will entrain for the Northern trip tomorrow and carry with them the best wishes of fans who generally conceded that the 1939 five is one of the best in recent years.

In second place now, by virtue of four wins and one defeat, the Scarlet and Gray cagers will be battling to upset the Gophers from their first place position. The Northerners have won five and lost one.

**Hull, Addington Fight**  
Close followers of the sport predict that Saturday's game will be a point-making battle between Hull, Ohio State captain and individual high scorer in the conference and Minnesota's Addington, a lean, lanky forward.

Addington, a sure shot at close range, has slipped through many a defense this year to break up a deadlock and give his teammates a needed lead or victory. The Ohio guards, Lynch and Boughner, will have a merry evening attempting to stop the tall boy.

Hull, with 81 points already, will carry most of Ohio's hopes. If he is right, the Bucks stand an excellent chance to win. If his eye is bad, so is Ohio's chance to win the crown.

On the basis of performances against Chicago, Ohio has a decided margin over the Gophers. But, comparative scores mean little in adjudging basketball outcomes. The fact remains, however, that two nights after Ohio overwhelmed the Maroons, Minnesota was nearly upset by the same five.

It is estimated that 15,000 fans a capacity crowd, will jam the Coliseum in Minneapolis to witness the fight for the Conference lead.

### Deadly at Home

The Gophers, in past exhibitions, have proven themselves deadly on their home floor. Playing before a decidedly partisan crowd, the leaders will have a distinct advantage.

The underdog, Ohio State must not only overcome the proven abilities of their opponents but quickly learn to disregard the verbal onslaughts of fans who, because of the Gopher's success, have become rabid and wild-eyed.

On Monday night, in Bloomington, Ind., Harold Olsen's Buckeyes face another stern match in Indiana. If both Indiana and Minnesota are toppled, the outlook for Conference honors is rosy indeed. One or two reversals, though, about cancels previous winning endeavors.

## OHIO UNIVERSITY SEEKS TO ADD TO LOOP LEAD

ATHENS, Feb. 2.—Ohio University's sophomore cage stars will seek to strengthen their hold on the Buckeye conference lead Saturday night when they meet Miami in a Conference game at Oxford.

Coach Bill Trautwein has announced that he will probably switch his opening lineup for the Miami tilt. In the revised Bobcat lineup three Hamilton boys get the starting call. Vern Deinzer and Carl Ott, sophomores, have been regulars all season, but Stretch Grothaus, another Hamilton product, has been sharing the center duties with Chuck Blickensderfer, Gnadenhuetten sophomore. Although Grothaus was the lone returning letterman from last season's cage squad, he had difficulty in breaking through the sophomore talent this season. His work in the early games, however, has apparently clinched the center post, so it is likely that in the remaining games Hamilton will be well represented on the starting five.

Frankie Baumholtz, Bobcat sophomore scoring sensation, has a score to settle with the Redskins Saturday night, for the Miami quintet is the only team to hold the Midvale marvel below ten points this season. In the game at Athens which the Bobcats won handily, Baumholtz scored only nine points.

## WEIGHT TROUBLE CHANGES ODDS ON FOX BATTLE

NEW YORK, Feb. 2.—The weight question may serve to reduce the current betting odds of 5 to 2 on Tiger Jack Fox, Spokane, Wash., Negro, to defeat Melio Bettina, of Beacon, N. Y., in their fight Friday night for New York commission recognition as world light heavyweight champion.

It developed today that Fox is having trouble making the weight. After a hard work-out yesterday he scaled 179, or four pounds above the light heavyweight limit.

His manager, Billy Nelson, admitted that Fox may have to undergo a stiff drying-out process to make the weight. Bettina can make it easily. They are scheduled for 15 rounds.

## In Memorium

In Memory of My Husband and Our Father M. J. Rife who departed this life Jan. 31, 1938.

Just a year ago today, "Dear One," Since you have gone away, To enter that fair and eternal land, To which we do not understand.

My husband, and our father, So short the years you spent with us, But, oh, so long and lonely are the days. Since you have left us here all alone.

Often we dream of thee and wonder When the time will come, We too may take this last sweet journey home, And be with thee, forever.

If we could reach out in the darkest night Or should our eyes forever loose the light, One hand clasp across the ages, their tender touch we would know For we have loved them so.

Husband and father, we love you there in Heaven, And when you went away Our hearts were crushed with sorrow.

For we thought of the lone tomorrow and knew we would miss you so.

We thought how dark the days would be And how unhappy when thy face we could not see, It does not seem so far across the bar, So near it is since now thy soul is there.

Nor do I think of thee as dead, You just have journeyed on a little way ahead To make a fairer, sweeter home for me Each day I look with longing eyes toward the skies.

Our father's house, our husband's home, And by His grace a home for me, Where we may praise his holy name, Throughout eternity.

I cannot say and I will not say That he is dead—he is just away, With a cheery smile and a wave of the hand, He has wandered into an unknown land.

And left us dreaming how very fair It needs must be, since he lingers here; And you—O you, who the wildest year For the old time step and the glad return.

Think of him faring on, as dear In the love of there as the love of here; Think of him still as the same, I say, He is not dead—he is just away.

FORMER WOMEN'S

PEN CHIEF DIES

IN MARYSVILLE

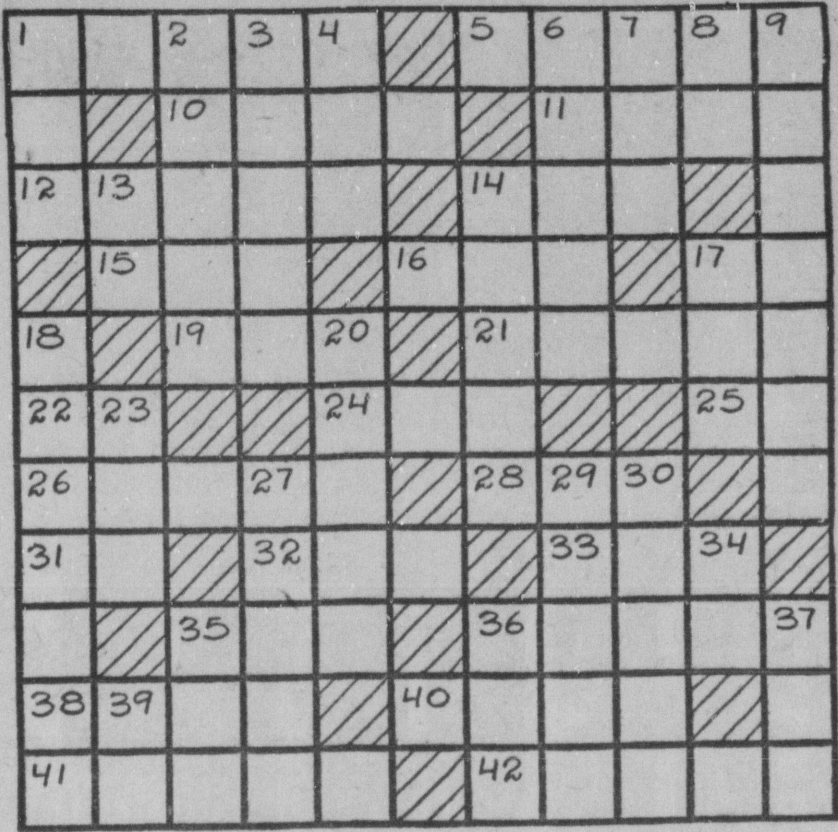

MARYSVILLE, Feb. 2.—Word was received here today of the death in Sarasota, Fla., of Mrs. L. M. Mittendorf, former superintendent of the Marysville Women's State Reformatory. She died yesterday afternoon.

Mrs. Mittendorf served as Reformatory superintendent from its inception in 1916 until Dec., 1935, when she resigned and was replaced by Mrs. Marguerite Riley, the present superintendent. Her resignation followed an extended probe of the Reformatory by federal narcotic agents.

Russell made no explanation of his reason for seeking the uneven amount except that he had figured he would need just that much.

## COUNCIL HOLDS BRIEF SESSION WEDNESDAY EVE

Absence Of Two Members And Solicitor Change Meeting Plans

### DISPOSAL PLANT AIRED

Cady Wants To Know Number Of Employees Needed For Operation

Absence of two members and the city solicitor Wednesday evening resulted in a brief session of council. An adjourned session will be held next Wednesday evening.

Councilman Ben Gordon is in New York City on a business trip. Councilman Frank Lynch is attending the meeting of the Ohio Bottlers' association. Carl C. Leist, has been ill with a severe cold.

Members attending the meeting preferred to have all councilmen present before further discussion was held on the schedule of assessments for operation of the new disposal plant. Floyd G. Browne, of Marion, engineer on the project, will return next week to discuss the proposition with council.

Mr. Browne had been instructed by council to prepare a suggested schedule of rates for industrial plants of the city. The schedule was not considered Wednesday night. Councilmen suggested Mr. Leist and Mr. Browne discuss the proposition with some of the industrial plant officials previous to the next meeting.

### Cady Asks Petition

Mayor W. B. Cady asked councilmen to decide how many operators will be needed for operation of the plant. Civil service examinations have been given and eligible lists prepared. The employees, to be named by the board of control, will not be selected until it is certain how many will be needed and when the plant will be placed in operation.

The first legislation passed for establishing the number of employees provided three operators. Mayor Cady explained it would be impossible to operate the plant with this number of operators if the city complied with 40-hour a week hour regulations. The matter was referred to the city solicitor.

Councilman Don Mason recommended the crossing on W. High street, now used as a detour during the Route 22 improvement, be repaired by the Norfolk & Western railroad. Mr. Mason said the crossing is very rough. His recommendation was referred to Service Director L. E. Miller to discuss with railroad officials.

Mayor Cady reported his collections for January totaled \$701.50, including fines of \$137.50, license \$2, and bonds \$562.

Balances in the various funds for Feb. 1 were general \$1,463.92, library \$4,659.35, auto street repair \$798.70, gasoline tax \$599.54, Berger hospital \$1,678.60, and disposal plant \$7,042.86.

### WONDER BABY

PORTLAND, Ore. — Although born nine months ago, Phillip David Devin is ready to play ball games with the best and wrestle anyone at the drop of the hat. Phillip, known as Portland's "wonder baby," walked, spoke several words and drank unassisted from a glass at the age of six months. Now at the age of nine months his favorite sports are wrestling, ball games, tap dancing and riding the elevators in the apartment house where he lives. Besides lacing his own shoes, Phillip brushes his own teeth and his mother has no trouble with his diet, as he likes everything.

## 'Life in Circleville' To be Seen in Movie

PICTURED above is Roger Gibbons, ace Hollywood candid movie photographer. Mr. Gibbons has been brought to Circleville by Manager Ralph Winters of the Grand theatre to film and stage a local candid moving picture, of "Life in Circleville". This movie, like many of the popular photo magazines, will bring to the screen of the Grand theatre "The Candid" as seen through the eye of the movie camera. It is expected that 5,000 persons of Circleville and Pickaway county will see themselves on the screen in this outstanding movie production. Circleville merchants are working in close cooperation with the Grand theatre in an effort to make this attraction a "four star smash hit". "Life in Circleville" will be presented on Feb. 15 and 16 at the Grand theatre.

## FRANCE ACTIVE TO END FALLING RATE OF BIRTHS

PARIS.—France is spending six billion francs, approximately \$150,000,000, annually to raise the birth-rate—and unsuccessfully.

These figures were revealed during the recent budget debates at the Chamber of Deputies when the government and municipal loss in income was computed at that amount.

Main loss to the government is 8000 million francs rebates in income tax which is accorded on a sliding scale dependent upon the number of children. Second on the list is reduction in railroad transportation fares which totals 450 millions. Families of three children get a reduction of thirty percent; four children, forty percent; five children, fifty percent, etc.

Numerous items of free hospitalization and various state and municipal allocations bring the total to six billion.

But deputies point out that the birth rate has decreased instead of increasing and demand that the money be "intelligently spent."

## MORE BRITISH SEE PICTURES, FIGURES SHOW

LONDON—More people are going to the movies in Britain.

To meet the ever increasing demand for film entertainment, 229 new cinemas were built in Britain last year. These cinemas have a total of 280,000 seats.

British cinema owners reckon that their seats are occupied on an average of five times a week, so that these 229 new movie-houses give accommodation to 1,440,000 patrons a week.

Four years ago there were 4,300 cinemas in Britain with a total of 3,872,000 seats. There are now more than 5,000 movie-houses, which accommodate approximately 5,000,000 film-goers. Many more are scheduled for erection during the coming year.

## DARBYVILLE MAN TAKES PRIZES IN MANY CONTESTS

C. M. Beatty, of Muhlenberg township, near Darbyville, has an outstanding record for winning premiums on corn in exhibits at county institutes this month.

At the Scioto township institute, Commercial Point, Mr. Beatty won first on yellow dent, white corn and for the heaviest ear. He won first premium and the sweepstakes on yellow dent, first on white corn, third prizes on clarge and U. S. 52 and any other variety at the Scioto Valley Farmers' Institute, Ashville. In addition he won a sweepstakes premium on corn at Ashville, receiving a bushel of hybrid U. S. 44 given by Roger Hedges.

At the Derby institute, Mr. Beatty took first on clarge, first and the sweepstakes on yellow dent, first on white corn, third on any other variety, first on a single ear and heaviest ear. The sweepstakes premium was a 30-pound turkey given by L. E. McQuire.

## PETITION SEEKS \$1,025 DAMAGES IN AUTO CRASH

Charging that J. L. Schwartz, of Columbus, driver of an automobile that collided with one in which she was riding, was careless and negligent, Ruth Gloyd, Ashville, filed suit in Common Pleas court Wednesday for \$1,025. The Gloyd girl's suit was brought through her father, Reed Gloyd, because she is a minor.

Miss Gloyd's petition declares that she was riding in a car with a man named Rhoades last Oct. 28, when it and the Schwartz car collided one and one-half miles north of Circleville. She suffered from head injuries which cost her medical fees and personal damages.

Schwartz's address is 249 S. Casady avenue, Columbus.

### HUNSICKER ESTATE \$21,248.59

The estate of John L. Hunsicker, late of Williamsport, is valued at \$21,248.59, of which \$19,800 is real estate. The inventory, prepared by C. W. Hays, John W. Stewart and H. W. Campbell, appraisers, was filed Wednesday in Probate court. Mr. Hunsicker's only daughter, Mrs. Edna H. Newhouse, is administratrix of the estate.

"The Thief of Bagdad" probably will postpone indefinitely the cruise he and his wife, Frances Langford, had planned.
